

Fail to Pass Wool and Free List Bills Over Veto of Taft

Democratic House Beaten In Its Supreme Effort; Early End of Session Now; Big Enthusiasm

WASHINGTON, Aug. 18.—In a succession of dramatic events, the Democratic House today in its supreme effort to pass the wool and free list bills over the President's veto.

Tonight, the Democratic members of the ways and means committee determined to end the session.

Monday, the House will pass the cotton bill as amended in the Senate, containing the iron and steel, chemical and cotton machinery schedules and the reciprocal provision for bituminous coal crossing the Canadian border and will send it to the President Tuesday. Congress will not be held in session until his certain veto.

The Senate cleared away all its business today and adjournment is assured in the view of leaders of both parties in both houses, by next Wednesday at the latest.

Failure of the attempt of the Democratic House to override the veto came in a day filled with stirring incidents. The close of the debate on the motion of Underwood to pass the wool bill over the veto found Speaker Clark, an aspirant for the Presidency, pleading the cause of his fellow Democrats from the floor, surrounded by a cheering throng of his colleagues. The demonstration at the close of his speech lasted several minutes.

On the motion to pass the wool measure over the veto, two of the affirmative votes were by Democrats, Republicans and one independent Republican, while the negative votes were 128. The motion to override the veto on the free list failed of a two-thirds majority, also, the vote being 228 to 175.

SHOUTS IN CORRIDORS

During the three hours of debate on the wool bill, the corridors reverberated with shouts of approval and derision from the floor, while the administration, through the presence on the floor of the House of Messrs. Wickham, Hitchcock and Messrs. Stinson of the President's cabinet, watched developments.

Representative Daltell of Pennsylvania, Republican Leader Mann and former Speaker Cannon denounced the bill. Cannon said the Democrats had come into power in the House and the Democrats had expected to have been saved in a decade.

Speaker Clark was cheered from both sides of the House when he left the chair and took the floor to end the discussion. The climax of his address was reached when he said:

"The President has a right to veto the bill if he wishes. I am not quarreling with him. I am lamenting his lack of wisdom in his present attitude. He has raised an issue that will rage with unabated fury until the close of the polls in November, 1912."

DEMOCRATS ENTHUSE

This was the signal for an outburst seldom equaled in Congress. It was a genuine demonstration from his fellow Democrats, and as he continued, the Democrats applauded, cheered and pointed the finger.

"Mr. Underwood and myself never advocated this tariff board, said Speaker Clark. "We never voted for it. I will tell you what we did advocate and what we did vote for, and that is to make that tariff board subject to the House in general and to the ways and means committee in particular."

"I am not going to say anything derogatory to this tariff board, but any member of the ways and means committee knows more about this tariff board than I do. I took him at his word. I never believed he would veto it until the last two or three days."

LIST OF INSURGENTS.

Then the two insurgents stood on their former record and voted to pass the wool bill over the veto were:

Anderson, Davis, Lindbergh, Miller, Stearns and Volstead of Minnesota; Hanna and Helgesen of North Dakota; Haugen, Hubbard, Thorne, of Iowa; Kent of California; Norris of Nebraska; Jackson, Maddison, Mullock and Young of Kansas; La Follette and Warburton of Washington; Lenroot, Morse and Nelson of Wisconsin.

Akin of New York, Independent Republican, also voted to override the veto.

The right insurgent Republicans who voted with their colleagues for the conference report last Monday but who deserted them to support the veto were:

Nye of Minnesota; Eech, Kopp and Davidson of Wisconsin; Reed of Kansas; Stephens of California; Sloan and Kinkaid of Nebraska.

VOTE DOWN FREE LIST.

No sooner had the roll been announced than the assistant secretary of the White House arrived with the President's veto of the free list bill. After it had been read, Underwood moved that it be passed notwithstanding the veto. Following twenty minutes discussion, led by Representative Payne and Underwood, the roll

MODEL HUSBAND'S WIFE A SUICIDE; CHARGES CRUELTY

Mrs. McCullough, Author-ess, Takes Overdose of Sleeping Powder.

CHICAGO, Aug. 18.—Mrs. Myrtle Reed McCullough, author of "Lavender and Old Lace," "Love Letters of a Musician," "Love Affairs of a Secretary," and many other books, was found dead at her home last night and reports to the police indicated that death was caused by an overdose of sleeping powder taken with a suicidal intent.

Mrs. McCullough's body was found by Miss Annie Larsen, her maid, at whom she left a note and a check for \$1,000. Mrs. McCullough was 37 years old and was born in Chicago.

That death was intentional was indicated by the following note, which the writer left on her maid's dresser:

"Dear Annie: I am leaving you a check for \$1,000 for your true and faithful service during four years. If my husband had been as good and kind to me as you have been, I would not be going where I am now."

(Signed) MRS. McCULLOUGH.

Enclosed in the note was a check for \$1,000.

Annie Larsen, the maid, had gone out and found the note in her room when she returned at 8 p.m. She rushed to Mrs. McCullough's room and found her dead.

The reference to her husband in the note was a surprise to friends of Mrs. McCullough. She had been in her home in Chicago, long had been a favorite gathering place for a select circle of friends. She gave many unique entertainments.

WAS "PRIZE HUSBAND"

Among these was a "model husband" contest, which took place last year. Each woman guest "entered" her husband for the honor of being designated the "finest husband in the world." Mrs. McCullough was the winner of this contest. Several buttons and medals were awarded to her husband and their wives extolled their virtues in written essays. On that occasion, largely through the eloquent praises of his wife, McCullough received first prize as the "model husband."

The family physician, Dr. Newton B. Lee, said:

"Mrs. McCullough had been troubled with insomnia for some time, and I understand that she had been taking sleeping powder. She died from an overdose of some drug and most probably it was the one she had been taking to induce slumber."

There was a pretty romance connected with her marriage to McCullough, a romance that some said was clearly described in her story, "A Shipmer in the Sun," published about the time of her marriage in 1908.

LOVED HER WRITING

—Miss Reed—she then was—in her girlhood days she then was—in the "Voice," published by the pupils at the west division High school. Miss Reed was then a student at a college in Chicago. McCullough was a student at the same college. He admired the writings of Miss Reed and a correspondence that ensued for a number of years was opened.

In 1906 Miss Reed and McCullough, who had by that time made Chicago his home, slipped away quietly to Grand Haven, Mich., and were married. Mrs. McCullough entertained some original ideas on the subject of the "sterner sex" and it has been her delight to poke good-natured fun at the "sterner sex" and it has been her delight to poke good-natured fun at the "sterner sex" and it has been her delight to poke good-natured fun at the "sterner sex."

"The average man only a little better than the mushroom; at his best a delicacy; at his worst a poison."

"Most wives are expected to run a household, to be a mother, to be a wife, to be a daughter, to be a sister, to be a friend, to be a neighbor, to be a citizen, to be a woman."

"Men, the married kind, are the greatest gold brick artists in the world—their wives are the easy marks."

SUICIDE VERDICT

The coroner returned a verdict that Mrs. McCullough committed suicide by taking an overdose of a sleeping powder when temporarily insane from insomnia and depression. Following in the full text of the letter found in the room addressed to the maid:

"Dear Annie: I enclose a check for \$1,000 which I want you to have in appreciation of over four years of faithful services. If my husband had been half as good and kind to me as you have been, I would not be going where I am now. You know how he has treated me ever since we were married and how I tried to bear up against it. But it's no good. There's no more use. I hope the next world will be kinder to me than this. Everybody has been good to me but my husband, and I cannot bear it any more."

SAN FRANCISCO, Aug. 18.—The convention of the International Typographical Union in session here tonight, sustained by unanimous vote the action of its executive council in declaring illegal the strike of its members, called February 28th, against the Chicago American and the Chicago Examiner. Tonight's action followed three hours of tempestuous debating.

GUILTY OF ARSON

SAN JOSE, Aug. 18.—George R. Lester, the real estate broker of this city and Oakland, today pleaded guilty in the Superior Court to arson and before he is sentenced, the court will be petitioned to place him on parole. He set fire to a residence on the Alameda for the insurance money, with which to pay off a mortgage on the premises.

CONSIDERS FAIR REQUEST

WASHINGTON, Aug. 18.—Secretary of War Stimson at the request of a delegation of San Franciscans today took under consideration an application for the temporary use of the Presidio and Fort Mason in connection with the Pan-Pacific exposition. Formerly the Chicago Examiner, tonight's action followed three hours of tempestuous debating.

WEBB OVERRULES JORDAN'S KICKS AT AMENDMENTS

Jordan Says He's in Bad Quandary Because of Poor Records.

SACRAMENTO, Aug. 18.—Secretary of State Jordan's objections to the record of six of the constitutional amendments were overruled by Attorney General Webb today and the situation was somewhat clarified. Jordan wired the attorney general with reference to the initiative and referendum amendments, saying it had not been printed in full on the Senate journals, and calling Webb's attention to his ruling that amendments must be entered on the journals of both houses in accordance with the constitutional provision. He said that he would keep this and five other proposed amendments off the ballot unless advised to the contrary.

The attorney general responded saying that it was not essential that an amendment should be copied in full in the journals. The amendments were identified sufficiently by their titles. Jordan says that he will abide by the ruling but that he does not know what copy of record to use in every case except one, the woman's suffrage amendment, every one of the three copies, differ from the others. These three copies are the form certified to the secretary of state, which is extraordinary and which has been held to be invalid by the courts. The form in the House records, and the form in the Senate records.

For example, Senate constitutional amendment No. 47 public utilities, as printed in the Senate journal, contains changes not contained in the House journal, while the copy certified to him contains twelve changes not embodied in the Senate records. The five sixths jury amendment certified to him was never adopted by the Assembly at all.

Jordan is of the opinion that some of the amendments may have to be voted upon in injunctive form.

In a statement issued tonight, Jordan says:

"Other questions have arisen. One is: How am I to prepare the 'copy' for the printer in the case of the first of the amendments? The text of each as set out in the journals of the Senate and Assembly, is not the same. Which am I to verify and certify as the amendment adopted for submission to the people? It is impossible for me to decide."

WIFE OF DENTIST WILL DEFEND HIM

For Sake of Children to Combat Charge He Imprisoned Girl.

SAN BERNARDINO, Aug. 18.—Facing an attempt to wreak summary vengeance on Dr. A. W. McDavit, the dentist held on a statutory charge in connection with the alleged fifteen months imprisonment in his office of Miss Jessie McDonald, Sheriff Halpin and his deputies tonight took precautions to prevent the mob from celebrating the jail here. Public feeling, which has been at fever heat since McDavit's treatment of the girl came to light shows no sign of abating.

SAN BERNARDINO, Cal., Aug. 18.—For the sake of her children, Mrs. Helen McDavit, the second wife of Dr. A. W. McDavit, the dentist, in whose offices here Miss Jessie McDonald was imprisoned for fifteen months, will stand by and defend her husband. When officers from the district attorney's office called upon Mrs. McDavit today to learn if possible of the dentist's alleged mysterious power over women, she declined to talk.

"What business is it of the world?" she asked bitterly. "If he is a hypnotist? I may have suspected this thing, but McDavit always treated me considerately and that is all I ever asked of him."

The present Mrs. McDavit married the dentist following a sensational divorce suit which her former wife filed against him here seven years ago.

It was at this time that Dr. McDavit was first alleged to be possessed of a hypnotic eye. District Attorney Goodell examined the complaint in the divorce suit today. In it the former wife, whose maiden name was Edna Provost of New York, declared that the doctor exerted such power over her that he made her grovel at his feet whenever he willed it.

The district attorney, as a result of his investigation, asserted today that McDavit, through this same baneful power, had left a trail of human wreckage from New York, where he married Miss Provost in 1901, to this city. The officers learned also that he fled from Butler and Bloomington, N. J., to escape charges similar to the one now resting against him here.

A new feature developed in the case today when Mrs. Ella Chapin of this city made the assertion that McDavit's relations began with Miss McDonald in 1908 at Corona, where they lived

REACHING AGREEMENT ON STRIKE; LEADERS SAY 220,000 MEN OUT

POLICE FIGHT WITH STRIKERS WHO TRY TO BLOCK MARKETS

BIRMINGHAM, Eng., Aug. 18.—Sharp hand to hand fighting between the police and strikers occurred here today during attempts to restock the wholesale meat markets, which are practically empty. Wagons were loaded at the railway depot, but as soon as they appeared on the street, they were met by strikers. The only wagons that got through were those moved after the arrival of strong police reinforcements.

The train service is in a chaotic state.

STRIKE AFFECTING IRISH RAILROADS; MEN QUIT QUIETLY

DUBLIN, Aug. 18.—The greater number of the principal railway lines in Ireland are partially affected by the strike. The railways men are quitting into the city.

BELFAST, Aug. 18.—The railroad men here refused to obey the strike order to quit.

GASOLINE SHORT, ATWOOD STOPPED

Aviator Forced to Land Eleven Miles Short of Erie, Pa.

Summary of the fifth day of Atwood's St. Louis-to-New York flight:

Left Cleveland at 4:03 p. m. Distance traveled on fifty day 84 miles. Actual flying time 2 hours and 27 minutes. Distance from St. Louis 727 miles. Total flying time 15 hours and 22 minutes. Distance still to go on 1265 mile trip to New York, 538 miles.

SWANVILLE, Pa., Aug. 18.—What he called one of his greatest triumphs, Harry N. Atwood, aviator, from Cleveland, Ohio, landed his eighty-four mile nearer his destination in his airplane flight from St. Louis to New York.

Atwood was to have flown to Erie, Pa., but a gale forced him to land eleven miles west of there.

A last mail train left Cleveland twenty minutes after him but Atwood gained until he was thirty miles ahead of the train.

Sailing high over the edge of Lake Erie, Atwood was leaving Cleveland at 4:03 p. m. Alighted in the corn field at Swanville at 6:10 p. m. his actual flying time for the eighty-four miles being two hours and seven minutes.

Atwood's run entitles him to the credit of having flown over parts of five states. He is now 727 miles from his starting point in St. Louis and 538 miles from New York and has been in the air since starting, 15 hours and 22 minutes.

CHANDLER A DELEGATE TO OMAHA LAND SHOW

Named By Johnson to Attend Affair.

SACRAMENTO, Aug. 18.—The governor today appointed the following to represent the state at the Western Land Products Exposition, known as the Omaha Land Show:

Robert N. Lynch, San Francisco; V. S. McClintock, Sacramento; W. F. Chandler, Fresno; E. M. Norton, Hightsburg; C. P. Morris, Chicago; W. H. Flint, Hollister; M. C. Zumwalt, Visalia; T. P. Flaherty, Riverside; J. Beatty, Santa Ana; Frank Wiggins, Los Angeles.

It is announced that it is probable that Lynch and Wiggins will be the only appointees who will attend the show. The object of the conference to be held at the exposition is to take steps to counteract the flood of immigration into Canada and hold it in the United States.

for a time as man and wife, and that the girl is still in jail, preferring to remain there to avoid violence, which he admits he took at the hands of the girl's father, Dr. McDonald, a well known contractor and builder.

Strikers Not Amenable to Peace Pact; Traffic Becomes Demoralized All Over the British Isles

ENGLISH STRIKE SITUATION AT A GLANCE

LATEST DEVELOPMENTS GIVEN IN SUMMARY

English strike at a glance:

Scores of thousands of railway men in the United Kingdom on strike.

The movement threatens to cripple 23,000 miles of steam railways.

Neither the managers nor employees seem disposed to deviate from their ultimatums.

General traffic in London and other centers demoralized; freight traffic throughout the kingdom hampered.

Liverpool's steamship service at a standstill.

Sporadic rioting in various English cities and in Wales.

London's "tube" men begin to go out.

Troops everywhere ready to quell disturbances.

Parliament remains in session because of the strike.

Scarcity of food causing prices to advance.

The railroads employ 500,000 men, whose average weekly wage is less than six dollars.

The value of the railways is \$6,500,000,000.

LONDON, Aug. 18.—Scores of thousands of railway employees throughout the United Kingdom are on strike tonight, and the traffic everywhere is badly demoralized.

The leaders of the Amalgamated Society of Railway Servants declare that 220,000 men, or nearly half the total employees of the railways in England, Ireland, Scotland and Wales, have answered the call to stop work. Managers of the railways say these figures are greatly exaggerated.

Never before have the ministers of the British government made such earnest efforts to ward off a great labor strike that has been unable to stay the movement which threatens misery to millions.

London has the appearance of an armed camp. On all sides are seen soldiers equipped with rifles and bayonets, while from the dome of St. Paul's cathedral 30 engineers are keeping in communication with the general staff by telegraphic signals in the day time and electric flashes at night.

The whole of today was spent by Premier Asquith, David Lloyd George, minister of the interior, and Sir Henry Tuckton, president of the board of trade in fruitless conferences with the leaders on both sides.

An official statement issued at the home office late tonight says the strike has developed into a great labor war, and produced a widespread though only partial, dislocation of the railway service. It adds that as far as present information goes, over two-thirds of the railway men remained at their posts and the conditions are encouraging, numerous applications for employment.

The statement notes the absence of serious disorders and says that the military authorities have the situation thoroughly under control. It also refers to the settlement of the London dock strike and says that there will be a resumption of the unloading of cargoes tomorrow.

The statement concludes by announcing that Lloyd George and Asquith will endeavor to arrive at an amicable settlement of the railway trouble.

According to the best information, what jeopardizes the negotiations is less the obstinacy of the strike leaders themselves, as manifested through their provincial and local organizations.

It is said that Ramsay MacDonald and Arthur Henderson, labor leaders in the House of Commons and men of union city, are endeavoring to accept the government's proposal, but without success. The negotiations, however, will be resumed tomorrow.

The Archbishop of Canterbury has issued a special prayer for a cessation of the strike. This prayer will be offered in the churches tomorrow and Sunday.

Broadly speaking, the strike is most effective in the north of England, where many towns are completely isolated, and in the south of Wales, where it is effective east, in the Midlands, but has not caused trouble in the south of England. Only a few of the Irish railways have had trouble.

SCOTLAND UNCERTAIN

The situation in Scotland is uncertain. In Edinburgh reports say that a general strike has been declared, but that the men have not yet decided whether they will answer the call until Sunday.

There is much less disorder than expected, only sporadic outbreaks arising from intimidation of strike breakers by pickets, attacks on the cutting of wires, etc.

Prices of food, as far as London is concerned, show little change and a resumption of work tomorrow by the dockers in unloading fifty ships that are awaiting to discharge their cargoes will tend to bring the food situation here about normal.

Should the strike continue, a serious question will be military supply, for which London is wholly dependent upon the railway service.

The strike is throwing a large amount of extra work on London's tramway service and tonight the tramway men are reported to be complaining. There have been serious fears of strike of these employees and if it should come, it would deprive Londoners of almost their last means of cheap transportation.

Tonight, the railway companies announced that all excursion trains had been cancelled. This will make the usual week end trips to the country by the populace impossible.

UNDERGROUND CRIPPLED

LONDON, Aug. 18.—One of the gravest features of the situation in London is a strike already instituted on the underground railways, used by hundreds of thousands of persons to get to and from their businesses. Thus far, according to the officials of the underground lines, only 500 of their employees have struck, but their decision is regarded as the strike, and only a few trains were running tonight. The underground strikers at a mass meeting tonight adopted a resolution not to return to work until satisfactory terms have been arranged through their executives or until all the other railway men who have struck are restored to their positions under government guarantees.

Churchill, the Home secretary, tonight asked T. P. O'Connor and Colonel Gerald Kyffin-Taylor, members of parliament for Liverpool, to recommend measures the government should take to settle the strike there and restore good relations. Churchill also requested that they consult with the local mayor of Liverpool and report concerning the food supply and general conditions of the city.

The Lord mayor of London tonight requested all citizens who are willing to serve as special constables in case of need to assemble at the Guild Hall tomorrow to enroll. Special constables have not been used in London since the Trafalgar Square riots of the unemployed in 1887.

At that time, John Burns, now president of the labor government, was one of the many persons arrested for creating disturbances.

The Scottish officers tonight issued instructions to the chief constables of Scotland to enroll special constables if necessary.

Most of the newspaper trains have been abandoned and the publishers are using automobiles. The postoffice department has announced to the public that all telegraph messages are subject to delay. Telephone service also is overworked.

Sporadic strikes are occurring throughout the country as the result of the railway movement. The harbors of Bristol quit work today and the working ships from Liverpool, the nation of London, struck and came to London and paralyzed the streets with banners bearing the words, "We are fighting for fair play."

DOCKERS STRIKE OVER BY FINAL AGREEMENT

LONDON, Aug. 18.—The strike of dock men, coal porters and car men, which began here August 1st and resulted in a dislocation of trade, almost famine conditions and rioting for the nation of London, struck and came to London and paralyzed the streets with banners bearing the words, "We are fighting for fair play."

It is agreed that the men may be engaged for work outside the dock premises and that differences shall be referred to John Burns or to an arbitrator appointed by the president of the local government board.

PARLIAMENT IS HELD TOGETHER FOR TIME

LONDON, Aug. 18.—So critical does the government regard the strike situation that the cabinet suddenly decided this afternoon that Parliament should not adjourn today as it had been arranged.

Chancellor David Lloyd George stated:

"In view of the very troubled and critical situation in the industrial world, it will be very inadvisable for this house to separate at any time for a few days, until we know what the possibilities are of creating some settlement."

The chancellor concluded by saying that the situation was such that he could not, to any good purpose make any statement at present, but that the adjournment be delayed until

(Continued on Page 2)

# INVESTIGATION OF KEITH IS CLOSED

## Defense of Principal of Blind School Made During Finale.

BERKELEY, Aug. 18.—Governor Johnson concluded today the investigation into the efficiency of Douglas Keith, principal of the California institution for the deaf and the blind. No official statement of his findings was given out but it is understood that they would be laid before the coming special session of the legislature with a request for legislation that will enable the governor to reconstruct the management of the institution. Segregation of the deaf and the blind and increased salaries for the members of the faculty will be recommended.

Closing arguments were made today by Attorney Charles Wesley Reed, attacking the Keith regime, and Warren Olney, Jr., in defense of the accused principal. In bringing the inquiry to a close, Governor Johnson declared that it could not have a beneficial effect, and that he hoped to see the California institution for the deaf and the blind become the leading institution of its kind in the world.

**REED DEFENDS.**  
Declaring that the affairs of the California institution for the deaf and blind are in better condition than has ever before been known and urging a complete inquiry by Governor Johnson into the management, Attorney George W. Reed, president of the board of directors, appeared at this morning's session of the investigation and made a statement in behalf of the board of directors.

Reed urged Governor Johnson to look carefully into the present law under which the institution is governed and its principal appointed and recommended a new section of the code.

He said the law was drawn up when the school was young and its pupils few and that it was now almost impossible to comply with this law in managing the school.

"I am glad that the present state administration has turned more than any other administration of this state to the task of investigating the efficiency of the institution," said Reed. "I don't think this investigation will do the school any harm."

That he had never known of an institution where there was less politeness was the emphatic statement of Reed. That no teachers or employees of party affiliation were known to him and that he had done nothing more than recommend to the principal a few people seeking employment, was the attorney's statement regarding his alleged part in the handling of the affairs of the institution.

**KEITH'S WIFE.**  
"The only appointment I ever had any direct connection with," said Reed, "was that of my sister-in-law, Mrs. Etta Brown, who was given a place as assistant in the office of the institution, and my wife practically consoled me by obtaining this place for her." Reed explained this while Reed stated that he believed it to be for the best interest of the institution that Principal Keith was appointed, as he was the most competent available man to take hold of the management.

Reference to the Durham fund from which Wilkinson has been paid, Reed stated that this use of the bequest was made after consulting State Controller Nye, and that the trust funds of the school were used in paying teachers where no other funds were available, upon Nye's advice. Attorney Charles W. Reed attempted to obtain from the director a statement as to why William E. Caldwell, assistant principal, had not been appointed to the headship of the school and if the appointment of Keith had not been made on account of business qualifications.

Director Reed said Keith was generally familiar with the editorial department and was a most competent executive.

**RECALL PETITIONS IN SEATTLE VOID**

SEATTLE, Aug. 18.—The petitions for the recall of Councilmen Max Wardell, E. L. Blaine and J. Y. C. Kellogg were declared void today when the preliminary count by the city comptroller showed that they lacked 25 per cent of the signatures required for the recall.

The corporation counsel ruled that on the showing that the petitions against the councilmen had less than enough names to bring about an election, even if all the signatures were valid, it was useless to check them against the poll books, and ordered the petitions returned to the filers. If enough additional names are obtained to bring the total up to the requirements, the petitions may be filed again.

The petition for the recall of Mayor George Dilling contains 10,288 names, approximately 25 per cent more than the number required to call an election. After the winding out of illegal names, the petition probably still will stand.

**POPE CONVALESCENT.**  
ROME, Aug. 18.—There is no doubt that Pope Pius is convalescent. This morning His Holiness went to the chapel to hear mass, and remained there for some time praying. In his apartment he spent some time at his desk.

**REST YOUR EYES**  
You can't keep your eyes on a constant strain day in and day out without having to pay for it sooner or later. If your eyes ache when you rest them for a moment it means that they are under a strain.

The thing to do is to relieve them of the strain. This can be done by providing the proper lenses. These lenses will do the work that an over-taxed set of muscles are compelled to do now. Come and let me tell you what is the matter.

**Dr. F. M. Kearns**  
2006 Mariposa Street, Fresno, Cal.

**Get What You Like to Drink**  
If you live where it is impossible to get what you want, don't let that discourage you. You can have the best sent right to where you live either by express or freight. All you have to do is to write to us. Your order will be given prompt attention and you can be sure that you will receive the very best of goods done up in plain packages.

Mail orders promptly filled.

**Kochler Bros.**  
LIQUOR STORE,  
Agents for J. & B. Brewing Co.,  
1017 J ST., FRESNO, CAL.

**Hotel Atlanta**  
Seventh and Mission Streets, SAN FRANCISCO  
A strictly modern fire-proof hotel centrally located, opposite San Francisco's magnificent office. Two hundred rooms with telephone in every room—Private bath rooms. Rates from 75c to \$2.00 per day. \$3.50 to \$10.00 per week. Bathing & Storage, Free. C. A. Chapman, Mgr.

**Valley Queen**  
Washing Powder

**RUMSEY UMPs**  
HAND WINDMILL & POWER  
2000 NEW RUMSEY CATHOLIC AND POWER  
GEORGE H. TAY COMPANY  
WATER WHEELS & POWER PLANTS  
FIVE MINUTES & FITTINGS  
817 WILSON STREET  
SAN FRANCISCO

**NEGRESS HONOR BOOKER.**  
LITTLE ROCK, Ark., Aug. 18.—For the twelfth time Dr. Booker T. Washington was elected president of the National Negro Business Men's League at the session here today.

**REACH NO AGREEMENT ON STRIKE; LEADERS SAY 220,000 MEN OUT**

(Continued from Page 1)  
Tuesday next, and this was agreed to. During the session, Churchill delivered a stern warning to the disorderly elements. He said there had been no disturbances in London, but several attempts had been made to commit outrages against railway property. It was pointed out that all should understand that such acts were crimes and of the most serious character, punishable with severe penalties. It was early yet to measure the extent of the strike but the government was taking all necessary steps to make sure that the food supply as well as fuel and other essentials should not be interrupted on the railroads or at the ports. All services vital to the community should be maintained because the government was bound to protect the public from danger that unrest of industry would entail.

He continued:  
"The means whereby the people of this land live are highly artificial and a serious breakdown would lead to starvation among a great number of poorer people. Not the well-to-do would suffer but the poor of the great cities and those dependent on them would be quite helpless if the machinery by which they are fed—on which they are dependent for wages—was thrown out of gear."

**LIVERPOOL DARK; TRAINS STOPPED**

Singing Women Are Hauled Through Streets in Prison Vans.

LIVERPOOL, Aug. 18.—The city was in semi-darkness a part of tonight. Only a fraction of the usual electric power was available and that was used to make possible a continuation of the curtailed tramway service. On the railway stations had been closed and train service stopped and large crowds fought for places on the tram cars. Even then, thousands were forced to wait long distances to their homes in the suburbs.

Only three trains left Liverpool for London today and two for Manchester.

Three thousand young men have been enrolled as special constables. All the city magistrates met tonight in a warner conference and the mayor again appealed to the newspapers to avoid inflaming the people by printing sensational headlines.

Business at the markets and on the exchanges was suspended today.

The Liverpool Express was unable to publish tomorrow because of the cutting off of its electric power. Two loaded prison vans were escorted through the streets tonight by the Scots Greys. One of them was filled with singing women.

**IMPORTS FALLING OFF AT PORT OF NEW YORK**

NEW YORK, Aug. 18.—The effects of the strike at Liverpool are beginning to be felt by New York merchants. Merchandise that is wanted badly has not arrived and agents on the other side cable that it is impossible to ship the goods. Many orders are being cancelled, and the late receipts of the goods would make them of no value to the American firms.

It is stated at the United States appraisers' stores that scarcely any goods from England are being received. Imports from England have fallen off nearly 80 per cent. Most of the merchandise now being examined and appraised comes from France and Germany.

**FOUR KILLED, MANY HURT BY EXPLOSION**

Hundred Are Imprisoned and Scalded When Steel Plant Falls.

JOLIET, Ill., Aug. 18.—Four men were killed, four were fatally injured and nine others suffered fractured arms and legs in an explosion which today wrecked the melting ladle in the Joliet Steel company's plant and imprisoned 100 men.

The accident occurred when a large ladle of the molten metal upset on a wet floor. There was a terrific explosion which blew out the walls of the building. The roof fell, imprisoning a hundred men working in the melting room. Scalding steam swept everything and burned the faces and arms of nearly every man in the structure.

**LOS ANGELES REQUESTS WATER POWER RIGHTS**

SACRAMENTO, Aug. 18.—The state conservation board of water control today received an application from the city of Los Angeles to appropriate water from the Owens river for municipal electric power purposes. The application was placed on file and will be acted upon as soon as possible.

The board also approved the form of blank upon which application for water rights will be received. These blanks will be printed within the next ten days and may be had upon application to Secretary Glavis, or the county recorders of the state.

Secretary Glavis was instructed to prepare rules of practice for the hearings to be had before the board. These rules will be submitted for approval at the meeting to be held next month. Glavis says he will follow closely the rules that have been made by the government in hearing land cases.

# News From Central California

## MALAGA GRAPES BRING \$2.15 TO \$4.55 CRATE

Sale Attracts Much Attention in Dinuba District; Yettem Is Booming.

DINUBA, Aug. 18.—The selling of seven cars of Malaga grapes at a price that ranged from \$2.15 to \$4.55 per crate is the record that has been made here recently by Haden & Boone and Perry Bros., the latter having the lease of the former's ranch. The fruit was of splendid quality and has been shipped from the Haden & Boone ranch just east of the city limits of Dinuba. That the growers did not come under \$2.15 per crate on any of the grapes in the entire seven cars is considered something out of the usual.

Plans are about completed for a season of prosperity at the little station of Yettem, on the Fresno & Co. line of here. There is shortly to be a general store opened there and a lumber yard will also be started. Efforts are being made for the changing of the name of the place back again to Yettem. Yettem, the Armenian colony known as "Yettem" is situated some miles east of the railroad station and causes some confusion. Peter Piplick, the well known fig and olive grower here has prepared a splendid box of White Adriatic figs which is to be sent to the State Fair for exhibition. The fruit is of excellent size and grade. Considerable interest was created among the residents two miles south of this place yesterday when they witnessed the first stopping of the passenger train at their "station." This is a new siding that has just been laid off by the S. P. Co. and is to be located on the R. J. Kirk ranch. The train made the initial stop in order to permit the alighting of an engineer who is supervising for the slide track and station site.

## NO ONE TO ATTEND BAKERS' MEETING

William Robertson, secretary of the Chamber of Commerce, was unsuccessful in his efforts to get a man to attend the Bakers' convention in Kansas City and he will send a telegram to the presiding officer of the convention today, urging him to take action to bring the attention of the bakers to California railroads, and to urge them to use these railroads in place of the imported railroads. The bakers are being made to get the bakers to use California railroads exclusively in their bread and pastries.

A curfew of exhibits for the state fair at Sacramento, will be shipped north from here tonight by Mr. Robertson.

**HOLLYWOOD SCHOOL FOR GIRLS**

## MOUNTAIN QUAIL SOON TO LOSE PROTECTION

Season Will Open September 1st After Being Closed for Three Years.

OCKENDEEN, Aug. 18.—The hunters are already looking longingly toward September 1st, when the mountain quail season will be open after a three years' protection. In a ride through the woods, one can see hundreds of the feathered beauties. They are quite unafraid and run about within a few yards of a horse, apparently taking no heed of their dread enemy, man.

Dr. W. H. Adams and Riggs White of Fresno spent a few days this week looking over familiar ground, and visiting friends at Shaver and Ockenden. They left on Wednesday for a trip into the high mountains.

Mrs. E. W. Keitelman and Miss Emma Hall of Stockton arrived on Monday and will spend a few weeks at the hotel.

Misses Eva and Jean Simpson of Academy are recent arrivals to spend a ten days vacation.

F. L. Pellety of Fresno is spending a week's vacation at Ockenden.

E. M. Blanchard of the Academy Granite Co. was a week-end visitor at Ockenden, returning to Fresno on Monday.

Mrs. Jesse Harrison of Sentinel arrived on Monday for a ten days' stay. Miss Vera Peterson was a passenger on Thursday's stage to Fresno, having spent two months with her father, Herman Peterson, at his mill near Ockenden.

Mr. and Mrs. W. R. Violette of Fresno have established a cozy camp in Sunset Canyon where they will spend some weeks.

## MYSTERIOUS SHOT IS FIRED AT S. P. TRAIN

Bullet Hits Smoker, Breaking Pane of Glass; No One Hurt.

TULARE, Aug. 18.—Some one took a shot at train No. 33 which left here this morning at 8:30 at a point about a mile and a half north of this city. The bullet from the gun struck the smoker and broken a pane of glass, but fortunately no one was injured. The first news of the shooting was received from Conductor Sturgeon when he arrived at Goshen. He sent a message from there to the agent in this city telling what had happened. He stated that the signal man of this division had seen a man with a gun in that vicinity early this morning. The message from Conductor Sturgeon did not state what kind of a gun was used. The officers of this city were notified at once and have been on the lookout for the perpetrator of the crime.

**THE COAL AND NOT THE COAL**  
If you are using coal that burns freely and gives a good warm fire, cooks your meals without constantly having to replenish the fire, you are using good coal. It is on the other hand, your fire is not in spirit, or for a short time, and then "dies out" and the coal is low in heat efficiency. If your coal contains sulphur, or slate, you are using poor coal, so to be on the safe side, order either Castle Gate, Wellington, or Rock Springs. These are pure coals.

## PERSONALS IN NEWS FROM THE TOWNS OF CENTRAL CALIFORNIA

**VISALIA.**  
VISALIA, Aug. 18.—Mr. and Mrs. E. O. Miller returned this morning from San Francisco and Boyd Springs where they had been staying for some time.

Mrs. E. C. Farnsworth and Miss Lillian Farnsworth are home from an outing of several weeks at Lake Tahoe and Belvedere. Miss Winnifred Farnsworth has re-entered the St. Dominick college at San Rafael.

D. M. Edwards is home from a trip to the California Hot Springs.

Everett Morgan and Gary Anderson are planning to leave for the Southern part of the state on an outing.

Mrs. T. M. Stewart and daughter Wanda, left yesterday evening for Long Beach to spend several weeks.

Mrs. A. C. Williams and two children left last night for San Diego to be absent some time.

Arthur Huffaker has gone to Long Beach on an outing.

Howard Becker will leave shortly for the Southern part of the state on a vacation.

Under-sheriff and Mrs. J. W. Nantz and children have gone to Stockton on a visit.

Ernest Miller is home from an extended outing in the north. He visited Seattle, Tacoma, Portland and several cities in Alaska.

## SELMA

SELMA, Aug. 18.—Mr. and Mrs. Joel H. Smith, accompanied by their son, Leslie, Paul and Joel Junior, returned this morning by rail from Gilroy at which place an auto accident prevented the completion of their motor trip home from Fresno.

Artus Neilson is home again after an absence of three weeks on his hunting trip in Oregon.

George Gray came up from Los Angeles this morning and is here visiting with relatives.

Miss Meggie Gordon entertained a number of her friends last night at a party given in honor of Miss Paula Thurber, a visitor from the East.

Walter S. Peacock of McKittrick is here visiting with relatives and meeting his many friends.

Art Weaver, accompanied by his son, Armon, came over today from San Jose for a visit with his parents, Mr. and Mrs. S. J. Weaver.

J. W. Morgan, who has been visiting with his daughter, Mrs. Lea W. Taylor, returned tonight to his home in Oakland.

Mr. and Mrs. Huffman will reside near Hardwick where he has substantial agricultural interests.

## TULARE

TULARE, Aug. 18.—W. A. Newberry of Juntura, Ore., is here looking after property interests. Mr. Newberry recently purchased the Betch ranch near this city and he intends putting in a couple of wells on the place just across the road from the Aurora school house and is preparing to put in two hundred acres of alfalfa.

Attorney George Gill returned last night from his vacation spent in the northern part of the state.

C. R. Scott returned last evening from his automobile trip to Monterey. He was accompanied home by his nephew, D. S. Smiley, who resides in Santa Ana. Mr. Scott's family will remain on the coast for a time yet.

Gladya House returned this afternoon from a visit to Lindsay.

Robert Shaw of Pixley was in Tulare today on business. He states that the grain crop in that vicinity has turned out better than was expected.

Miss Beatrice Kopka has left for Stockton in response to a telegram to W. S. Higgins and family.

Mrs. Marie Loppka, who is suffering from a severe attack of typhoid fever, Mr. and Mrs. Beth Smith and Mr. and Mrs. Leroy Smith passed through Tulare today in their auto on their way home to Visalia. The auto has recently purchased in San Francisco and they drove from there to Los Angeles and up the valley home. They have had a fine trip, no trouble, and are enjoying the outing very much.

Mrs. M. A. Ryan of Tipton, who has been visiting at Watsonville, is here on business. She has sold some of her land near Tipton and is here to close up the deal.

E. M. Pugh, formerly a resident of this section, but now living in Squaw Valley, Fresno county, is here on business. He has sold his ranch—the old Hamilton place—to B. F. West.

Dr. Chilton this afternoon received a message from Los Gatos, stating that his father had met with an accident and to come at once. The gentleman was pruning some trees in the yard and fell from the ladder. Just how severely he was injured the message did not state, but it is presumed he was badly hurt, and the doctor will leave tonight to be with him.

Mrs. E. F. Treadway and Mrs. M. A. Edgar left this morning for Fresno, where they will spend the day with friends.

Mrs. Carmichael, mother of A. O. Carmichael, left this morning for Modesto, after visiting here for some time.

Miss Ruth Grove, who has been visiting here for about six weeks, left this morning for her home in Palo Alto.

Onar McMillan returned this morning from Long Beach, where he has been for several weeks on a vacation. Ernest Del Rey returned this morning from Long Beach, after a week or so spent on a vacation.

Mr. and Mrs. M. Ford and family and Nettle Clark leave today for a trip back to Big Meadows. They will be gone for about two weeks, making the trip by wagon.

N. H. Leggett came over this morning from Porterville with Supervisor Horbach in the latter's auto. Mr. Leggett has not been in Tulare for about six weeks, having been substituting for clerks who are on their vacations.

Mrs. Harvey and daughter of Corcoran are in Tulare today shopping and visiting with friends.

Miss Ruth Manock, who has been here a day or so visiting with friends,

## RACE PROGRAM SHOWS GOOD CARD; BIG PURSES

Seven Full Harness Races Made Up for Kings County Fair.

HANFORD, Aug. 18.—The race program for the Kings county fair is out, showing seven full harness races and an aggregate of \$6,700 in purses. There will be two of three running races every day with "cover night" entries. In addition to the harness events, and sportsmen are looking forward to some excellent amusement.

The infant son of D. H. Anthony will be buried tomorrow from the family home south of Armona. The little one fell from the porch on Tuesday and broke his neck.

A Mexican disturber named Gonzales, who on Wednesday with four other Mexicans disturbed the peace of the Chinese employes on the Montana fruit ranch near Armona, was fined \$15 by Justice C. M. Smith of Armona township today. He paid the fine.

Gonzales was the aggressor in a row that took place between the Mexicans and Chinese. No action was taken at the time.

Chief Kendall received word from his wife, who is visiting their daughter, at present in Hollywood, that on the eve of her departure for home yesterday, their little boy, Richard, was stricken with a serious disorder that necessitated an operation. The child was better late this afternoon, but not out of danger.

## CRIPPLED NIMROD CARRIES OFF HONOR

SELMA, Aug. 18.—Rascoe Chandler, who was not to be daunted in his plans to go with the Williams party on their hunting trip to Oregon by the breaking of his arm the night before leaving Selma, is returning with the party, having secured the biggest buck secured by the party, although one arm was in a sling. Chandler is reported as having made an excellent shot, which killed his game almost instantly, and he rushed up the hill, carrying the buck on his back, and charged at him, head down. A very quick shot at close quarters came none too soon. Chandler is receiving many compliments from his hunting companions.

## ENGINE SPARK CAUSE OF STUBBLE FIRE

VISALIA, Aug. 18.—Between 200 and 300 acres of stubble and 2000 sacks of barley were burned in a fire which broke out near Goshen Junction yesterday evening from the sparks of a threshing engine. A large number turned out to fight the fire, which spread rapidly. The burned district is about 1000 acres and the loss will about \$2000 with \$2000 insurance. The burned barley was valued at about \$2,400.

The Smith place is near the junction of the main line of the Southern Pacific and the Visalia line just south of Goshen Junction.

returned this afternoon to her home at Anglin.

Frank English of Fresno is here for a day or so on business.

## COALINGA

COALINGA, Aug. 18.—L. W. Coffey was an arrival this morning from Glen Arbor. He is stopping at the Pleasant Valley hotel.

L. J. Corbin, of Benton, of Chicago, Mr. and Mrs. W. B. Benton, of Chicago, were arrivals this morning and are registered at the Pleasant Valley hotel.

Mrs. L. K. Coughlan returned on the 9:20 train this morning, from Los Angeles where she has been spending the summer.

Dick Sperry, of the Silver Tip and the De Luxe oil companies, returned this morning from a short visit in San Francisco.

W. H. Fraser, of Speed & Fraser, left last night for Bakersfield on business connected with the Bakersfield office of the firm.

Thos. Turner, of the Oil Well Supply company, will return Monday from San Francisco, where he has been on a short vacation.

Miss Bernice Cook, of the local post office, returned this morning from a two weeks' vacation spent in San Francisco and Los Angeles.

C. Bolton, of the firm of Trode & Bolton, brick builders, left Wednesday for the Tulare county to bring back a party of his friends who have been on a hunting trip.

Joe Loch was an arrival this morning from Fresno.

Roy Crow, of Cullen & Crow, was an arrival this morning from Visalia.

C. C. Van Valkenburg returned this morning from Hanford and Fresno.

W. A. McDonald, of the Delilah Mining company, left last night for the mines.

Dick Graham of the Continental Oil company, came in this morning from Fresno.

Miss Sarah McCardle, the County librarian, departed on the 5:30 train last evening for Fresno.

Mrs. H. R. Mount and family left on the 5:30 train last evening for San Francisco.

Al Levy, of the Crescent Meat company was a passenger on the 5:30 train last evening for Fresno.

H. C. Christman was a passenger on the 5:30 train last evening for Hanford and Fresno on business for his firm.

C. E. Hamilton and wife were arrivals on the morning train from Long Beach, where they attended the Dexter-Buckley marriage. The bride and groom will return this evening.

Dr. Usher will leave on the 1st of September for his vacation and expects to be gone a month, returning to his practice on or about the 1st of October.

Orval Galer, of the Canadian Coalinga Oil company, left on the late train last evening for Hanford, where his wife has been confined in a hospital for an operation. They will return to Coalinga tomorrow.

Tom Pike, of the Ray-Pike company, returned this morning from San Francisco where he went on business.

Henry Kerr returned last evening from Santa Cruz, where he has been spending several weeks this summer. His family is remaining at the coast.

**CHIROPY**  
Consult W. P. Wilford, graduate chiropodist about your feet. Corns, bunions, etc. 1942 Tulare.

## ENDLESS BELT SYSTEM FOR PACKING PLANT

Latest Device to Be Put in Orange House at Worth Station.

PORTERVILLE, Aug. 18.—Work starts Monday on the installation of the machinery in the Boydston packing house at Worth, the first to be constructed in the orange district on the line of the newly completed P. S. N. railroad. The plant will be equipped with one of the most advanced handling systems in California.

There will be no handling of empty cases, empty packing boxes or packed cases of fruit, all of the conveying being arranged for with endless belt conveyors. The fruit will be loaded on a platform which will automatically empty the oranges into a hopper, where they will be sized and then conveyed to the various bins. Back of the packing bins will run an endless belt on which empty cases will be supplied to catchstation and when the boxes are filled they will be run on roller-bearers to another line of beltting which carries them to the pressers where the tops will be nailed on, then with another above they are handed to the final conveyor which carries them into the car. Aside from the added convenience, the employment of this system means the elimination of a large number of truckers, the most unsatisfactory form of labor about a packing house. The change for packing each box of fruit will be much smaller under the new system than under the new system than under the old.

## MANUFACTURE BRICK OF SHALE DEPOSITS

Samples Stand Strong Test; Plant Likely to Be Established.

PORTERVILLE, Aug. 18.—Sample brick made from shale deposits which have been found on the Tulare river, have been returned from a factory in Eastern Ohio.

These brick have been tested and are not only almost absolutely impervious to water, showing a much higher absorption test than any brick made elsewhere in California, but they have a crushing test higher than the very best quality of reinforced concrete. Brick subjected to the vitriolic process are acid proof and cannot be broken with anything except a heavy blow from a sledge. Conduit pipe are found to be particularly adapted to the carrying of sewage or other material which requires material of a dense construction.

As these deposits are found in such position that the material can be handled by gravity from the hillside and as they lie along the line of the P. S. N. railroad, therefore solving the transportation problem, their discovery means the inception of an important new industry for this district.

During the past three days several large pottery and sewer manufacturing concerns have had agents here looking over the ground with a view to the establishment of factories.

In conjunction with the shale, deposits of rock have also been found, eminently well adapted to the manufacture of Portland cement.

## EQUALIZERS CITE EVERY TAX-PAYER

Visalians Must Show Why Horizontal Rains Should Not Be Made.

VISALIA, Aug. 18.—Although the city trustees, sitting as a board of equalization have been in session several days, no application for a reduction of any assessment has yet been made. The nearest occurred this afternoon when Attorney Dan McFadden on behalf of Mrs. S. C. Brown, suggested that the Brown three-story building on Court street was assessed too high.

As he said, with the 25 percent increase to be added, it would bring the assessed valuation up to more than could be realized on a sale of the structure. No formal application for a reduction had been made, however, up to a late hour this afternoon.

Monday is the date set for hearing on the part of all property owners as to why the 25 percent increase should not be made, citations having been served every property owner in the municipality. The revenue to be derived from the increased assessment, amounting to about \$6000, will go to pay for the new fire engine and additional hose and other supplies for the fire department.

## EXTENSIVE PLANT TO WATER GROVE

PORTERVILLE, Aug. 18.—One of the most extensive irrigation systems ever installed in the Fresno district is being completed in the E. H. Edwards orange orchard near Grand View Heights.

This plant takes the water from a 315-foot well at a level of 140 feet. The water is forced through 1400 feet of 6-inch piping to a reservoir and stands on the highest spot of land in the orchard, and then is distributed to each row of trees by means of a system of reinforced concrete conduits.

Motive power is furnished by a 25 horse power gas engine, and the water is handled by a special type of deep well pump. The discharging system will cost \$3000.

## S. P. WANTS TO KNOW ALL ABOUT TURKEYS

VISALIA, Aug. 18.—The Southern Pacific desires to know all about raising turkeys. Charles S. Fee, passenger traffic manager, has written to A. E. Mott, secretary of the Tulare county board of trade, asking him to secure detailed information on the subject so that an article now in process of compilation may be published in the Saturday Evening Post this Thanksgiving number. It is requested that full information regarding feeding, diet, diseases, etc., be presented.

## GENERAL CONDITIONS

This morning does not show any material increase or temperature change on the Pacific coast. Over Utah and the Rocky mountains the temperature has risen with eastward movement of the high pressure area. From the Rocky mountains to the Atlantic the northern portion of the country shows generally lower temperatures. The advance of this high rain fell along the Gulf coast. Lower Mississippi valley and middle Atlantic coast. Yuma reports a minimum of 110 degrees for yesterday and high temperatures were reported from Tucson and Phoenix.

Fair weather, with continued moderate temperatures, will prevail in Fresno and vicinity during the next 36 hours.  
JAMES H. GORDON,  
Temporarily in Charge.

## LOCAL BREVITIES

Bradley's to day. Phone 367.

Fruit pickers' tally tags carried in  
stock at the Fresno Republican job printing  
office.

Carl Stanley and Eugene Alder, youths  
were taken to long yesterday by Deputy  
Sheriff Laidy.

For rent a single office and a splendid  
office in the Forsyth Building.  
See Noble Bros. Co., Room 118.

Funeral services over Mrs. Elsie Pay-  
shayan will be held Sunday at 2 o'clock  
from the Trinity church on South J.  
street.

S. Rampaal appeared before Justice of  
the Peace Smith late yesterday afternoon  
and sworn to a complaint charging  
Dick Marshall with defrauding an inn-  
keeper.

The funeral of Jacob Hiam will take  
place Sunday at 2 p. m. from the Ger-  
man church at the corner of D and San  
Benito streets.

William Sturm filed complaint yester-  
day asking for a divorce on the ground  
of desertion from Ellen A. Sturm. They  
are residents of Dos Palos Colony.

Notice of appeal was given yesterday  
by the four defendant companies in the  
suits of W. J. O'Neill in each of which  
judgment was given him for the insur-  
ance on the stock of wagons and agri-  
cultural implements destroyed by fire.

Kerrich Toshino, a Japanese, arrested  
yesterday at the home of Fowler  
was committed yesterday to the asylum  
at Stockton. He imagines that he is a  
big contractor, wanners about at night  
and has threatened to kill his country-  
men. He has been six years in Califor-  
nia.

Tado Kawaguchi, a Japanese, infant  
died yesterday at the home of the  
parents in Rosedale park. Deputy Coroner  
Stephens held an inquest at a physician  
had not been in attendance. The jury  
rendered a verdict that death resulted  
from sickness common with children.  
The funeral was held yesterday.

High Top Boots

WOMAN IS ARRESTED  
IN MURDER MYSTERY

No New Evidence Is Se-  
cured By Authorities at  
the Inquest.

Although the police worked very hard yesterday and last night looking for the murderer of Rafael Garcia, no new evidence was brought to light. Miss Angelina Rodriguez, a Mexican woman, was the only person arrested yesterday in connection with the case. Miss Rodriguez was not directly charged with taking part in the killing of Garcia, but the police allege that she is withholding information. She was charged with vagrancy. This makes three Mexican women and four Mexicans that are being held in the county jail on charges of vagrancy.

Miss Rodriguez yesterday called at the county jail to visit with one of the Mexicans who had been arrested on the night of the murder. She was allowed to converse freely with the man and he refused to talk with her and told her to keep still and not make any statements. After their conversation and when the Mexican woman started to leave the jail she was arrested by Deputy Sheriff Horroff. Miss Rodriguez was an inmate at the same place where the other two Mexican women stayed, who are now in jail.

A fairly good description of Tony the man suspected of the murder, has been secured by the police and it is likely that the state will be flooded with circulars giving his description.

The coroner's inquest was held yesterday morning and the officers had hoped to gain new information at the inquest, but they were disappointed. The four Mexicans were taken from the jail and their testimony was taken but they made many conflicting statements and the authorities are right where they started.

The jury rendered a formal verdict that death was due to gun shots inflicted by unknown hands with murderous intent. The identity of the deceased was also established.

## LOCAL BREVITIES

E. Gregory and Thomas Haggerty were arrested last night by Sheriff McSwain and charged with drunkenness.

Police Detective Guehring appeared before Justice of the Peace Smith yesterday and swore to a complaint charging C. Navarro with assault with a deadly weapon. Navarro is charged with having cut John Rucal with a knife on the 11th of this month. Navarro is being held at the county jail and will likely be arraigned today.

## PERSONAL MENTION

Miss Margaret Clark is the guest of Mrs. Bert Einstein at Coalinga.

Mr. and Mrs. John Donaldson of Monmouth, Ill., are the guests of Mr. and Mrs. Bert Mitchell at Fowler this week. They will later visit at the J. D. and J. R. Hickman homes here.

Mrs. William Glass and his daughter, Mrs. Emma Glass, and Miss Lois Bramblett, leave this morning for San Francisco. They will spend three weeks in the city, and at the beaches near Monterey. They have planned many delightful excursions.

## IN THE LODGE ROOM

VETERANS ARE ENTERTAINED  
Mr. and Mrs. Robert Farrell gave a lawn social at their home on O street on Thursday night. Many of the veterans and their families attended and the music was especially good. Many of the latest songs were sung. Refreshments consisting of a delicious lunch and beverage were served. Those present were:

Mr. and Mrs. John Blom, Mr. and Mrs. Curpan Devlin and daughter, Harry Joseph, Mr. and Mrs. Robert Farrell, Mr. and Mrs. El Misher, Mr. and Mrs. Mace, Mr. and Mrs. Alderman, Mr. and Mrs. Cliff Jones, Mr. and Mrs. Jack Acker, Mrs. Purdy, Mrs. Sky Walton, Mrs. Nancy Jones, Mrs. Nickmann, Messrs. Charles Russell, Carl Nighe, Val Jones, George Marrens, George Wester, F. Peterson, H. Wallis, F. Dusenbury and Andrew Juritis.

MAISON CITY MEETS  
Raiding City No. 282, Fraternal Brotherhood, met Wednesday evening with a good attendance, two applications for membership were received. Also the transfer card of James M. Clark. The sick benefit claim of Elbel-Weges was read and allowed. On next Wednesday, August 23, all members are requested to attend the business meeting. Refreshments will be served, followed by the regular social dance. The following committee will have charge: Linnie Carey, Gertrude Shelton and Margaret Linghy.

ODD FELLOWS INITIATE  
Fresno Encampment No. 75, I. O. O. F., met last night to confer the Golden Rule degree upon two candidates. They were F. T. Dorr and M. T. Salazar. Reports were made by members who attended the installation of officers at Selma last Monday. They report a fine time with the neighboring lodge. A social was given at which great interest was taken in the lodge work. Next Friday, the Encampment will confer the Royal Purple degree on five candidates.

DIED  
HAAR.—In Fresno, 332 D street, August 18, 1911, Jacob Haar, a native of California, aged 12 years.

Funeral Sunday afternoon at 2 o'clock from the German church, corner of E and San Benito streets.

CHURCH.—Near Fresno, Tehama avenue, August 18, 1911, George P. Church, a native of Indiana, aged 60 years.

Funeral Sunday afternoon at 2:30 from Adventist church.

SADLER.—Near Cornejo, August 18, 1911, Mrs. Laura Sadler, aged 33 years.

Body will be taken to Hanford for interment.

PABSTIAN.—In Fresno, August 18, 1911, Mrs. Elsie Pabstian, a native of Armenia, aged 28 years.

Funeral Sunday at 2 o'clock from Trinity church.

KILL THREE NEGROES  
DURING RACE TROUBLE

DONALDSONVILLE, Ga., Aug. 18.—Three negroes, members of a party of blacks who barricaded themselves in a building and shot and killed three whites today. Further clashes are feared. Race troubles of serious proportions followed the killing of Marshall Nuberry, Tuesday night at Jakin.

MANY FAST HORSES TO TAKE PART  
IN RACES AT FRESNO COUNTY FAIR

All But Two Races Are Filled; Speedy Pacers May  
Meet Here in Special Event; Excellent Pro-  
gram Promised.

Entries for the driving races at the Fresno county fair, the first week in October, have been closed and the result has been far more successful than the directors at the fair had hoped. The purses this year aggregate \$7000 and the total cost to the fair association will be but \$1400. Last year with purses aggregating about \$2500, it cost the fair association \$1500 to carry out the program.

The increased purses attracted many more entries and these entries have paid for the purses except about \$1400. The entries last year instead of being in \$500 to the fair association, brought in but \$900.

The purses do not like to enter races where the purses are so small that the first money will go to the owner and it is for this reason that up to this year, the race program at the fair has always been second class. W. G. Durfee of Los Angeles, owner of "Coco de Oro," the sensational pacer, has written the fair association that he hopes to be able to make arrangements to bring "Coco de Oro" here during the fair to try for a world's pacing record. This horse has done a mile in 1:59 while the record is 1:53. In addition to "Coco de Oro," Durfee has three horses entered in the regular state races.

All but two of the races planned by the association are filled. Those not filling were the 2:15 trot and the 2:25 trot for 2 year olds. Announcement has been made, however, that other classes will be opened up to take the place of these.

A purse of \$1000 will be offered for a 2:15 trot for a purse of \$500.

Entries for the 1 mile race, for a purse of \$500 and the 2 year old trot for a cup, have not yet closed. They will close on September 1.

In addition to the regular program, the fair association is endeavoring to arrange a special race for fast pacers. Efforts will be made at the state fair to get the horses here. Among the horses the association expects to bring here for this race are "Adrian," 2:10; "Lester," 2:05; "Chiquita," 2:08; and "Vera," 2:09.

The following are the entries for the races at the county fair:

Stake No. 1, 2:40 trot, purse \$500.  
Horse: Site: Owner:

Hillard C. Jr. bk. gilliland C. J. J. Merritt, Pasadena.

# California Oil Field News

## UNION MAY PROVE UP MANY THOUSAND ACRES

Drilling Test Wells North  
of Fullerton; Showing  
Is Very Good.

Extensive operations by the Union Oil Company will prove up thousands of acres north of Fullerton, if the wells now being drilled are successful. At least many new companies have rushed to the gusher district in Kern county, the Union has been pursuing with increased activity the development of the southern field where high gravity and high priced oil is to be found.

The officers of the company are watching the development of the Fisher Oil Company, which is drilling a well on sixty acres of land about two and one-half miles northeast of Fullerton, in a territory surrounded by thousands of acres of land owned and controlled by the Union. This well has already reached a depth of 600 feet. The hole was started with 18 inch casing, in the expectation that producing sand would be reached at about 300 feet.

The nearest producing well is one owned by the Amalgamated Oil Company, half a mile southeast, on the same anticline as that of the Fisher property and the Bakersfield well. The Union Oil Company, it is said, is producing about 500 barrels a day of 17 gravity oil.

The Standard is drilling a well about a half mile to the northeast of the Fisher property, but the proving up of this property will be of little value to that company as its holdings are small, and generally all of the surrounding district is controlled by the Union.

The Union well on the San Joaquin flat, which consists of 341 acres still further north of Fullerton, is said to have been drilled to a depth of 2555 feet and has been working in oil formation for the last 1000 feet. The last 200 feet have given every indication of being a good producer. It is expected that the drilling will soon be stopped and the well put on the pump. The hole is in the center of the tract.

At Mineral Springs, one and one-half miles northwest of the San Joaquin tract on section 25, well No. 1 is reported to have reached a depth of 1850 feet with a very good showing of oil in the bottom of the hole. Well No. 2 has almost as good a showing at 2250 feet.

Stocks and supplies. Finishing for structure. C. H. Stimpson, 1940 Mariposa street, Fresno, Cal.

Having promised to tell you more about the reasons for the change of our climate, I have started my investigating genius and learned that Sir Oliver and Chas. Chambers were both wrong.

By comparing I have discovered a great similarity between our present climate and the article they have been selling around Los Angeles. Some people will tell you it is impossible to move a climate from one locality to another, but Willie is not one of them. These Los Angeles people are liable to do most anything. Moving climate or kicking against a reduction of traffic rates against a neighboring city is child's play for them. I have discovered that Los Angeles capitalists have been buying large tracts of Fresno county land, which they are subdividing into 20 and 40 acre lots. For advertisement purposes they have moved their climate to Fresno, and by next year you will find Los Angeles land speculators selling Fresno county climate, giving every purchaser a 20 acre lot free. This may be a surprise to you, but you will find still greater surprises when in need of a good suit to call on the Most Reliable Clothier, "Willie," with.

## RATES ON CRUDE OIL EXCESSIVE IS CHARGE

Associated Says S. P. Exacts Payments 1000 Per Cent Above Reason.

WASHINGTON, Aug. 18.—Rates on crude oil alleged to be excessive by more than 1000 percent were attacked by the Southern Pacific company from the Associated Oil Company of Oil Center, Calif., according to a complaint filed by the oil company today with the Interstate Commerce Commission. The petitioners alleged that the Associated Oil Company, through Bakersfield, Calif., to Prescott and Sedona, Ariz. The rate charged from McKittick to Bakersfield was \$3.35 a ton, while the rate exacted from Oil to Bakersfield was \$3.35 a ton. Just \$3.35 a ton would have been 24 cents a ton and 30 cents a ton respectively. The oil company asks for a reduction in the sum of \$13,458, asserting that the Southern Pacific admitted that the rates charged were exorbitant.

## OIL NOTES FROM COALINGA FIELD.

COALINGA, Aug. 18.—Trece & Bolton are building a rig for a new well on American 30, and another derrick on California 21, and another on California 22. The K. T. & O., on the south line of section 11, 13-16, was completed this week and is now pumping at the rate of about 400 barrels. This is the best well in that section of the field.

W. C. Reilly, the contracting derrick, has completed a water well at the Pleasant Valley Stock Farm. The well was finished at 204 feet and is making about 200 barrels a day. He has started another well at the same place.

Ray Cross came up from the Lost Hills today and says that the Universal Oil Company has about fourteen strings going in the new field. He says that the Standard is rushing lumber and material to start work on section 3 and 4, west of the townsite.

## BUSINESS IS GOOD, SAY UNION OIL MEN

LOS ANGELES, Aug. 18.—W. L. Stewart, vice president, and Robert Watchorn, treasurer, of the Union Oil Company of California, have returned from a Los Angeles after business trip along the Pacific coast, between this city and Vancouver, B. C.

Mr. Watchorn says he was pleased with what he learned of business conditions along the coast. He stated today that the prospects for the future were bright.

"We were especially interested in the demand for oil," said Mr. Watchorn, "and we found that there was a growing tendency to use oil, particularly for fuel purposes."

Mr. Watchorn says the Canadian Pacific, Canadian Grand Trunk, Great Northern, Northern Pacific and Oregon and Washington railroads now are using oil.

The use of oil is just in its infancy on the Pacific coast," he said, "and it will continue to increase."

## EXPECT ANOTHER WELL IN MIDWAY

Officials of the California Midway Oil Company have received word that their field superintendent that they may expect another producer on their list before the end of the week. The water is now being bailed out of well No. 3, in the Midway field, and a heavy showing of oil has already been made. Drilling was discontinued in this hole several days ago and the heavy gas pressure under the water gives every indication of a good producer.

## OIL WELL EMPLOYEE LOSES 3 FINGERS

COALINGA, Aug. 18.—Tom Wood, an employee of the American Petroleum on section 20, lost three fingers of his right hand today when he came caught in a sand line. Wood was working on the tubing rack when his hand became caught in the sand line and was drawn up into the block. The machinery was stopped and he had to be lowered from his lofty position in the derrick. The two last fingers of his hand were removed at the wrist and the second finger taken off at the palm.

## COALINGA EAGLES READY FOR TRIP

COALINGA, Aug. 18.—The oil derrick parade is the feature of the Coalinga Eagles' portion of the Big Eagle parade in San Francisco next week, have been loaded into the baggage cars that will be attached to the special train, together with the tall white hats they are to wear.

The special train will leave Coalinga at 4:45 Sunday morning and the engine and coaches will be decorated with symbols of Coalinga and the oil fields.

Get the Phone Habit. Main 442

## WALTER FISHER MAY VISIT LOS ANGELES

Chamber of Mines and Oil Invites Secretary of Interior.

LOS ANGELES, Aug. 18.—The directors of the Los Angeles Chamber of Mines and Oil have telegraphed to Walter Fisher, secretary of the Interior, who is now investigating the public lands question in Alaska, urging him to return to Washington via Los Angeles and requesting the honorarium for his entertainment while in this city.

If agreeable to Secretary Fisher, the members of the Chamber of Mines and Oil will no doubt tender him a big banquet at which only public land questions affecting the oil and mining industries will be discussed.

If Fisher comes here it is probable that the oil lands legislation committee will be given an opportunity to discuss with him the various phases of the situation as it exists today in California. Secretary Fisher has been advised of the work of this committee and it is expected he will be willing to give it the benefit of his views which has experience has enabled him to gain.

## DOHENY IS RETURNING FROM NEW YORK TRIP

Negotiations for \$12,000,000 Bond Issue Not Yet Completed.

LOS ANGELES, Aug. 18.—E. L. Doheny, president of the Mexican Petroleum company, left New York on Thursday morning for his home in this city after an absence of about six weeks. A proposed \$12,000,000 bond issue on the company's property in Mexico caused his long stay in New York.

Dr. Norman Bridge, secretary of the company, said that he could not say what had been accomplished, but that the home office is impatient over his return.

It is known that negotiations with a New York banking house over the bonds have not yet been completed. H. G. Willie, general manager of the Mexican Petroleum company, was summoned to New York shortly after Doheny's arrival there and has assisted him in the negotiations.

The present production of the Mexican Petroleum is between 25,000 and 30,000 barrels a day, which is flowing almost entirely from one well. The present pipe line to Los Angeles is small to carry the oil and a second one is being built. Six other wells have been drilled to the gusher sand, but will not be finished until the second pipe line is completed.

## STANDARD RUSHES FULLERTON WORK

FULLERTON, Aug. 18.—Since the Standard entered the Fullerton field it has lost no time in preparing for a big campaign of development work which will prove up more territory in case oil is found in the wells located than the producing area at present.

The Standard has extended its campaign for oil to the hills in the northern part of the city. Tuesday the company began moving machinery and material for a combination rotary rig on the land leased of the Coyote Oil and Land Company in sections 22 and 27. This lease covers 127 acres and was purchased by the company of which Jacob Shaw is president from Lea, Tomsou and Gordon. The well is less than a mile from the post-office.

According to the agreement a steam must be turned into the rig by October 7. The Standard will shortly have four wells going in the field and it is understood other locations have been made.

## ASKS BAKERSFIELD FOR MORE POLICE

Former Chief of Police Broadhead of Los Angeles, now in the lead of the detective bureau of the Southern Pacific, has taken up the matter of special police to protect the railroad yards, with Acting Marshal Bartholomew of Bakersfield. According to the Bakersfield papers, no additional police were wanted. The appeal of Broadhead at Bakersfield, followed his appeal made in Fresno to Chief of Police Shaw. While in Bakersfield, Broadhead made a thorough survey of the yards, taking many notes and making a map. He also inquired as to the number of deputies in the Bakersfield yards.

## VISALIA TO HAVE CROSSING GONGS

VISALIA, Aug. 18.—J. C. Muir, division trainmaster of the Southern Pacific, came to Visalia today and made arrangements to have electric gongs placed at all the street crossings. He also arranged to have a headlight put on the train which backs into here from Goshen every night. While here, Muir inspected the local trains and the train service.

## CHIEF OF POLICE ASKED TO FIND MAN

Chief of Police Shaw late yesterday received a letter from Attorney Tatum and Tatum of Bellows, Texas, asking information about William H. Jerrell, a young man who is supposed to be in this city. From the letter it is understood that Jerrell is not wanted in Texas for any offense but that the attorneys have been retained to find the missing man. The letter was turned over to Sheriff McSwain and from the description given in the letter it is thought that Jerrell is serving a six month term in the county jail on a misdemeanor charge. It is thought that Jerrell is going under a fictitious name. The case will be more thoroughly investigated today.

Believe that busting headache. Take Cannon and Pain Pills. Patterson Block Pharmacy.

## COALINGA ROYAL IS NOW IN FIRST SAND

Hole Full of Oil That Will Test 38 Gravity; New Territory Proven.

COALINGA, Aug. 18.—The drill of the Coalinga Royal Oil Company has entered the first sand at 100 feet. The well was reached yesterday, and J. P. Strong, one of the directors, was notified in Los Angeles last night by wire. He came to Coalinga this morning, when Superintendent Williams and he had closed down the well awaiting instructions from Los Angeles.

Strong visited the well this morning and when the derrick was pulled out of the hole it was full of oil that will test about 28 gravity. Strong and Williams are very much elated over the strike which they believe proves the Coalinga Royal oil field. The Royal has been working for over a year and a half.

The sand struck is but five feet deep and will be used for the well drilled into the lower sands. The first sand is identical with the first sands reached in the Oil City well and the look check alike. Williams will accompany Strong to Los Angeles this evening. They are taking with them two large bottles of the oil taken from the derrick this morning.

## STANDARD IS TO BUILD BIG WHARF

LOS ANGELES, Aug. 18.—The Standard Oil Company has made application with Charles Leedes, United States engineer, to build a big foot wharf at or near the Coalinga field. The wharf will be the longest on the coast, it is said, excepting only the old Southern Pacific wharf at Santa Monica, and will be so long that it will carry heavy trains. The actual location is four miles north of Redondo.

This wharf will be the longest on the coast, it is said, excepting only the old Southern Pacific wharf at Santa Monica, and will be so long that it will carry heavy trains. The actual location is four miles north of Redondo.

## OIL IS FLOWING BETWEEN CASINGS

Oil is flowing between the casings in the Maricopa National well No. 2, according to an advice just received from there. It is expected that this well will be finished within the next few days. From all indications the well will be an exceedingly good one.

## PIPE LINE SURVEY NEARLY FINISHED

LOS ANGELES, Aug. 18.—Latest advice from Ventura are to the effect that the survey of the Guaranty pipe line is about finished. General Superintendent Turner, announces the completion of the survey by the crew which started south from Maricopa several weeks ago, and that the surveyors working north from Ventura have reached a point about fifteen miles north of Maricopa, thus leaving but a few intervening miles as yet untraveled. The surveyors will next commence work on the unit from Ventura south to Los Angeles and San Pedro.

Turner says he has had no trouble in obtaining all the necessary right of way, and that no obstacles have been encountered.

## MIDWAY VALLEY IS DOWN 3755 FEET

COALINGA, Aug. 18.—The Midway Valley Oil Company, operating in the south end of the Elk Hills district, has reached a depth of 3755 feet. The 31-inch casing was landed at this depth but the company will continue to drill deeper with smaller casing as the well log gives very encouraging indications of oil at a greater depth. This is the deepest well in the south end of this territory.

## LYRIC CLUB TO SING AT SERVICES

Rev. J. R. Skinner to Preach at the Evening Meeting in Courthouse Park.

Rev. J. R. Skinner, pastor of the Belmont Presbyterian church, is to deliver the sermon of the evening at the park services tomorrow night. A musical group has been formed, the Lyric club of the Y. M. C. A. and the Y. W. C. A., assisted by the choir of the various churches and several of the best professional singers. If the town is to produce the two popular numbers known as "Gloria" and "The Heavens Are Declaring," other numbers are to be arranged.

## POSES AS REVENUE MAN; GETS \$37.50

VISALIA, Aug. 18.—Representing himself to be a United States Internal collector, a man giving his name as F. W. Harkness, approached two Japanese in this city a few days ago and collected \$37.50 from them saying that he would furnish them with a government stamp which would allow them to sell liquor. The stamp, he said, would come in 15 days. The Japanese took a local druggist and through the druggist the matter was communicated to the sheriff and the district attorney. It is believed Harkness is in Fresno.

## PATROLMAN CALLED TO SETTLE DISPUTE

Patrolman McIntire was yesterday afternoon called to 215 M street, to settle a dispute between two boys over a watermelon. Dick Koerner informed the officer that Lowell Lewis had asked him for a watermelon and that when he refused Lewis had drawn a knife and threatened to cut him. As everything was peaceful when the patrolman arrived nothing was done in the matter but a warrant may be issued this morning for Lewis.

## CONEJO WOMAN IS CALLED BY DEATH

Mrs. Laura Sailer, aged 32 years, died yesterday at the home of her daughter near Conejo. The deceased had been ill for some time and death was not unexpected. The remains will be taken to Stanford for interment. Deputy Coroner Stephens will hold an inquest today as the physician who had been attending the girl woman is away and will not return for several weeks therefore he is unable to sign the burial permit.

## SALOONS MAY CONTEST ELECTION AT VISALIA

Suit Filed Several Days Ago; Plan to Use It as Last Resort.

VISALIA, Aug. 18.—It became known today that Joseph Gregg, on behalf of the saloon interests of this city filed suit two or three days ago in the superior court, contesting the recent "wet" and "dry" election held in this city. The filing of this action is held to be for the purpose of giving the saloon interests something to fall back on in case the court decides against them on the petition for a writ of mandamus filed some time ago asking that Visalia be declared a licensed territory.

Ralph Walker, an out and out foe of the Good Government League, is attorney for Gregg. It is not believed this suit will be pressed unless the court refuses to issue the writ of mandamus.

## KILLED IN WRECK.

LINCOLN, N. B., Aug. 18.—Running fifty miles an hour, a Rock Island freight train crashed through an open switch at Havoclock, nine miles from here. Brakeman Floyd Oliver was instantly killed. Fireman Carl Elser was probably fatally wounded and Engineer A. M. Fuller was seriously injured.

## COURTESY FROM POLICE OF ENGLISH CAPITAL

Patrolmen Handle Crowds Without Irritating the Public.

A starved-looking woman with a child in her arms stood on the curb of Pall Mall, while glittering troops and dignitaries in gold lace marched past. It was the day of the royal progress, the day after King George was crowned in Westminster Abbey. A policeman stood between the woman and the "thin red line of heroes" who guarded that side of the route. She began to fidget uneasily, looking at a friend across the street, and the policeman, turning, saw what she wanted.

A group of Far-Eastern potentates, with fantastic clothing and headgear, had just gone by; a troop of Royal Light Horse was coming on behind, only minutes or so away. The policeman took the woman's arm, guided her between two of the red coats, and escorted her carefully across Pall Mall. A moment later, after he had recrossed the gorgeous body of cavalry stamped majestically between the potentates.

For the American onlooker this incident epitomized the whole story of the London police's success in handling one of the greatest crowds that ever gathered. I do not believe the thing would have happened in New York, and I have seen many parades here. We hear of the "rule-fiddler" people of European countries—their elasticity and adaptability of American institutions. At the coronation the police seemed to be following no rules whatever, or else disregarding them with perfect discretion at exactly the right time.

The difference between the London police and ours may be put briefly thus: There you get the impression that they are always trying to let you do what you want to do. Here they seem always trying to make you do what you don't want to do—on gala occasions, when people gather in unusually large numbers to watch the street show.

Why is it that, on election night or any similar occasion here, you invariably have a feeling of irritation when an officer tells you to move this way or that? And why is it that, when a London "bobby" directs you, he makes you feel that he is conferring a favor? It may be a question of manners, or discipline, or the pressure of public opinion, or national character. Let the sociologist or the psychologist determine that.

## Harvest Time Is Telephone Time

Threshing machine breaks down? Need more help? Cook wagon out of coffee or groceries? Don't leave the farm. Can't spare a hand to go to town. Need everyone on the job. The answer

## INSTALL A KELLOGG FARM TELEPHONE LINE

During harvest time a farmer never knows what moment a costly break-down may happen and tie up the work. Someone will have to take a team that is working in the field, drive to town and back again—in the meantime all hands are idle.

## OUR FREE BOOKS TELL EVERYTHING

Our book of instructions explains in a clear manner every detail for a farmer's telephone line. Any man who can use a screw driver can install a Kellogg telephone. A Kellogg Telephone is "Standard," you can attach it to a "Bell Exchange" or to an "Independent Exchange"

# SOCIETY

We all know that poor little girl who is blind. Well, now that she is no longer blind. And of course, the poor little fellow has never seen a calendar, and the weather being so nice this morning, he is going to see the moon. He is going to see the moon, and the moon is going to see him. He is going to see the moon, and the moon is going to see him. He is going to see the moon, and the moon is going to see him.

The latest conquest of this little girl is Miss Helen Hollenbeck and Frank Wells, whose engagement is announced today.

Miss Hollenbeck is one of the three charming daughters of Mr. and Mrs. W. H. Hollenbeck, all of whom are beautiful and accomplished. She is tall and slender of figure and possesses most dainty blond coloring.

Mr. Wells is a prominent business man of this city and is highly esteemed by a large circle of friends. The wedding will be an event of September, taking place in San Francisco on the 14th of that month.

Mr. and Mrs. W. H. Hollenbeck, Mrs. Arthur McAlister and Mrs. H. G. Parsons are at present in San Francisco, where they will remain until after the wedding. After a long absence spent in the north Mr. and Mrs. Wells will be at home to their friends in the St. Andrews apartments where they are now residing.

Dr. and Mrs. D. H. Trowbridge, who have been spending a delightful vacation around Lake Tahoe have returned here yesterday, and Mrs. Trowbridge is going to San Francisco, where she will remain a month before returning home.

The doctor says that he found his stay by the lake and among the mountains very refreshing.

Miss Breeze Huffman, a prominent club woman of Fresno and member of the Club Woman's Franchise League is about to begin a campaign in the San Joaquin valley that will include a visit to every town of importance in the nine counties, and the appointment of workers to operate on towns of less importance.

Miss Huffman has been described by the Club Woman's League as young, beautiful, wealthy, unimpaired and eager for hard work, hence she was presented with several hundred miles of territory in which to operate. The Huffman tour will begin at once, will reach its zenith with a banquet at Fresno about September 15th, and will culminate with a rally at Bakersfield, probably about the 1st of October.

Mrs. Mayna Band is spending a short vacation in San Francisco.

Mrs. Mazon C. Davidge of New York, who is at present being entertained by Mrs. Wm. H. Crocker and Mrs. Phoebe Hearst in San Francisco, is expected in Fresno the latter part of this week.

Mrs. Davidge is the daughter of the late Bishop H. C. Potter of New York and is extremely popular among the exclusive sets of both coasts. While in Fresno she will be the guest of her cousin, Mrs. Wm. A. Duckner on T street.

Miss Pearl Hart started on her vacation yesterday morning. After visiting at Watsonville and Santa Cruz, she will spend some time at Berkeley.

Miss Lillian Johnson leaves this morning for Santa Cruz to spend several weeks.

Capt. John Neal gave his little granddaughter, Pauline Myers, a party at his home, 667 Ketchikan street yesterday, it being the occasion of her eleventh birthday. The children spent the afternoon in games on the lawn and at five were called in the dining room where Mrs. Neal assisted by Mrs. Alderman served a delicate and refreshing lunch. The dining room was tastefully decorated in green, pepper, purple and sunburst daisies. Those present were Ada Neal, Edith Ward, Effie Penland, Goldie Neal, Margarette Kemper, Mabel Neal, Holly Fugate, Orma Penland and Verna Neal.

Miss Clara Elbert, accompanied by her small nephew, Jack Selbert, is spending the week at Los Angeles. They will soon go to Ocean Park where they will remain for some time before returning to Fresno.

Miss Fay Thompson of Kent, Ohio, is visiting Miss Mattie Bonnel. She is a normal school graduate with Miss Bonnel.

PLAYS WITH GUN, DEAD. SAN DIEGO, Aug. 18.—Declara Reider, the six-year-old son of Mr. and Mrs. Peter Reider of Old San Diego, secured a rifle owned by his father this morning, tried to examine the weapon and accidentally pulled the trigger. The ball struck the little fellow in the stomach, inflicting a wound which caused instant death.

QUEENSBURY HERE TO BECOME U. S. CITIZEN IF HE CAN GET WORK. NEW YORK, Aug. 18.—The Marquis of Queensbury arrived here from London early today with the announcement that he expects to become an American citizen, provided he can find something to do here. First of all, he is going to look over the mining field, and if he finds conditions favorable, he will bring over his two sons and let the boys grow up with the country.

He declares that he left England behind him without regret.

"I am not of the idle rich," he said, "and even though I were the possessor of an immense fortune, I should try to do something more than fill a suit of court clothes and dawdle about in indolence."

KINGSBURG FIRMS FILE CERTIFICATES. This is Under New Law to Give Standing in Court to Bring Suit.

Business partnerships to the number of six operating in Kingsburg under fictitious names which do not disclose the identity of the partners filed yesterday certificates at the Kingsburg Hardware and Furniture Company.

Edward A. Peterson as Kingsburg Department Store.

Ludwig Wilton and Alfred L. Peterson as Wilton & Peterson.

Hugh S. and William Clark as Clark Brothers.

J. E. Danielson as Kingsburg Implement Company.

Ralph Earl and Mrs. Louise Maxwell as The Reliable Pharmacy.

Since June 1st twenty-six such certificates have been filed in the county in compliance with sections of the civil code amended by the last legislature. The purpose of these certificates is to give the fictitiously named business partnerships standing in court. Under the old law such a partnership could not sue save through individual members. Under the new law the fictitiously named partnership and its members can only sue and have standing in court when they have filed the certificate, disclosing who compose the partnership. Kingsburg is the first community in the county in which compliance with the law has been made in block.

AUTO BLAMED FOR WOMAN'S ILLNESS. Mrs. June Creath of Tulare Is Taken to Hospital After 500-Mile Journey.

"Motoritis" is the name given by the emergency surgeons to a form of disease that has been confused with other ailments recently but which, so the doctor says, is due to the continual jarring of the body as caused by rough roads traversed by motor cars, says yesterday's Chronicle.

Mrs. June Creath, wife of a capitalist of Tulare, was taken to the Central Emergency Hospital Wednesday afternoon shortly after having completed a motor trip of about 500 miles. The case was primarily diagnosed as pneumonia poisoning by Dr. A. E. Cherry, but later he discovered that the illness was due to shock attendant upon the journey in the automobile. Mrs. Creath was treated at the hospital and was later taken to the home of friends by her husband.

U. P. SHORTENS HOURS. CHEYENNE, Wyo., Aug. 18.—The Union Pacific Railroad company issued orders today closing down the shops at this place all day every Saturday and making the other five days eight-hour, instead of nine-hour days. This gives the men forty hours' work a week.

IRRIGATING. The ditch runs full, the sky ablaze, A pure and perfect blue, The mountains sleep in purple haze, And I just lie around and laze, With not a thing to do But lift the gate; The waters run To thirsty earth Beneath the sun, I hear it gurgle slow, Money, money, Plenty money, Money where I go, Hay and honey, Money, money, Money in my flow.

No bonnet a willow tree, Up by the main headgate, The desert breeze feels good to me, And shining run the waters free Where fields and orchards wait. I lift the gate; The waters splash, Out to the field, The sluiceway flash, Hark to the gurgle slow, Money, money, Plenty money, Money where I go, Friends all sunny, Grapes all honey, Money in my flow, William Maxwell in the Pacific Monthly.

POLICE CHIEF MAY BE CHOSEN TONIGHT. Suspension of Patrolman Josephs Is Made Permanent By Commission.

The police commissioners will be specially convened again tonight at 5 o'clock to consider the filing of the vacancy in the office of chief of police taking place on the 1st prox. No indication has been given out who the appointee is likely to be, or that the chosen man has been agreed upon.

At the special meeting last night the action of Chief Shaw in suspending Patrolman Josephs was unanimously sustained and the suspension made permanent. Whether the accused will choose to demand the presentation of formal written charges and ask for a public trial with witnesses testifying under oath remains to be seen. Chief Shaw said he would not present any other charge than that on file which was a notice to the board of the suspension for conduct unbecoming a police officer.

Josephs appeared before the board and made partial admission of some of the specifications which were formally brought out under the charge of questioning on the gross charge in the suspension notice. He admitted that he had not treated his wife as he should have done, that he had paid attention to other women, accompanying them to dances.

There were admissions of other acts and questionable exhibits were introduced found in a pocket book discovered in his locker. Among these were photographs of Swedish girls attracted in Josephs' policeman's coat with star and hat, also one of a group of three with himself in the center.

Josephs had been given three friendly warnings by the chief. His attentions to women made in public places and elsewhere were shown to be so public, open and continuous that as Chief Shaw said, complaints had come to police headquarters of the neglect of duty by the patrolman.

Mayor Rowell brought out also the fact that Mrs. Josephs had made appeal to him, interfering for the accused as he had confessed to her, promised not to offend again in this manner and she would give him another trial. Josephs answers to the questions of the mayor raised a question of veracity, he declaring that he had forbidden her to interfere for him but admitting when pressed that he had promised her would not neglect her so completely as he had.

Incidentally it was brought out that for eighteen months he had accompanied her only three times to entertainments, though he had frequently gone to dances.

PRESSMEN TO GIVE BANQUET TONIGHT. George L. Berry, international president of the pressmen's union, will be the guest of the local union at a banquet to be given at 8:30 o'clock tonight, at which Mr. Berry will address the members. The headquarters of the pressmen's union are at Rogers' hotel, where the pressmen's home is located.

President Berry will leave Fresno tonight for San Diego, where he will meet with the pressmen's union there.

F. O. E. GETTING READY. SAN FRANCISCO, Aug. 18.—Preparatory work for the grand affair of the Fraternal Order of Eagles, that meets here Monday, is occupying the time of the grand officers and committeemen who have arrived. A number of the more important committees are represented by "carry" full members, although the first special train bringing the delegates will not arrive until tomorrow.

RECEPTION GIVEN TO NEWLY WED PAIR. SELMA, Aug. 18.—The prominent society affair of the week in Selma was the reception last night given by Mrs. Mattie E. Hewitt in honor of the marriage of her daughter, Leona Belle, to Clinton L. Hallison. Mrs. Hallison's marriage came as quite a surprise to her many friends here as the first intimation that most of them had was the announcement of the wedding, and were pleased at the opportunity of meeting her and her husband at the pleasant affair last night.

The spacious parlors of the home had been tastefully arrayed in greenery and flowers, while the charmingly arranged corridors presented inviting nooks for many cozy groups. Many electric globes played among the trees of the lawn completed the setting for the enjoyable festivities of the evening. Pleasing musical numbers were rendered in the parlors throughout the evening, which concluded with the serving of refreshments at tables arranged on the lawn.

FIRE BURNS OVER 2000 ACRE AREA. PORTERVILLE, Aug. 18.—Fire set to burn stubble in Round Valley yesterday afternoon got beyond control at about after 3 o'clock and when the blaze was finally headed on Lewis creek it was well toward midnight and more than fifty of the ranchers of the Fresno Valley district had responded to the call for help. About 2000 acres of pasture was destroyed. Practically all of the feed destroyed was on the Kibbold place. At the current rate for pasture the fire cost the owners of the ranch about \$500. The fire warden has been asked to make an investigation. It is said the fire was set without purpose.

STRANGLES HER TWO CHILDREN AND THEN COMMITS SUICIDE. WHARTON, Ont., Aug. 18.—Mrs. Thomas Pettigrew of Lonsdale, near here, strangled her son and daughter, aged 12 and 10 years, sometime last night, and then hanged herself in the kitchen. The husband was away at the time. The bodies were discovered by neighbors. The woman had been in poor health for some time and is believed to have lost her mind.

SAYS 'STEEL KING' VICTIM OF FIXED ROULETTE WHEEL. NEW YORK, Aug. 18.—The story of an Atlantic City gambling game in which an unnamed "steel king" lost \$14,000 in one lump is told by Mrs. Anna Betts in connection with her suit against her husband, Louis L. Betts, for a separation and \$25,000 a year alimony. It is said that he was robbed by electrical devices which manipulated a roulette wheel.

GIRL'S ASSAULT SUICIDES. HAMILTON, Texas, Aug. 18.—Rather than permit himself to fall in the hands of pursuers, John Williams, a former who clubbed Mable Lemons, 17-year-old, into insensibility and also wounded her sister, aged 13, slashed his throat with a pocket knife yesterday afternoon. His body was found by the pursuers. The oldest girl's skull is fractured and she may die. The girls were attacked when they drove cattle to a watering trough on Williams' farm, which he rented from the Lemon family.

AMERICAN GIRL WILL BE BRIDE OF TURKISH DIPLOMAT. ST. PAUL, Aug. 18.—Richard Edward Blaquey Bey, first secretary of the Turkish embassy at Berlin will be married on August 24, to Miss Josephine Kallman of this city. They met in Berlin two years ago. Mr. Kallman is prominent in St. Paul society.

After visiting at Watsonville and Santa Cruz, she will spend some time at Berkeley.

Miss Lillian Johnson leaves this morning for Santa Cruz to spend several weeks.

Capt. John Neal gave his little granddaughter, Pauline Myers, a party at his home, 667 Ketchikan street yesterday, it being the occasion of her eleventh birthday. The children spent the afternoon in games on the lawn and at five were called in the dining room where Mrs. Neal assisted by Mrs. Alderman served a delicate and refreshing lunch. The dining room was tastefully decorated in green, pepper, purple and sunburst daisies. Those present were Ada Neal, Edith Ward, Effie Penland, Goldie Neal, Margarette Kemper, Mabel Neal, Holly Fugate, Orma Penland and Verna Neal.

Miss Clara Elbert, accompanied by her small nephew, Jack Selbert, is spending the week at Los Angeles. They will soon go to Ocean Park where they will remain for some time before returning to Fresno.

Miss Fay Thompson of Kent, Ohio, is visiting Miss Mattie Bonnel. She is a normal school graduate with Miss Bonnel.

PLAYS WITH GUN, DEAD. SAN DIEGO, Aug. 18.—Declara Reider, the six-year-old son of Mr. and Mrs. Peter Reider of Old San Diego, secured a rifle owned by his father this morning, tried to examine the weapon and accidentally pulled the trigger. The ball struck the little fellow in the stomach, inflicting a wound which caused instant death.

QUEENSBURY HERE TO BECOME U. S. CITIZEN IF HE CAN GET WORK. NEW YORK, Aug. 18.—The Marquis of Queensbury arrived here from London early today with the announcement that he expects to become an American citizen, provided he can find something to do here. First of all, he is going to look over the mining field, and if he finds conditions favorable, he will bring over his two sons and let the boys grow up with the country.

He declares that he left England behind him without regret.

"I am not of the idle rich," he said, "and even though I were the possessor of an immense fortune, I should try to do something more than fill a suit of court clothes and dawdle about in indolence."

KINGSBURG FIRMS FILE CERTIFICATES. This is Under New Law to Give Standing in Court to Bring Suit.

Business partnerships to the number of six operating in Kingsburg under fictitious names which do not disclose the identity of the partners filed yesterday certificates at the Kingsburg Hardware and Furniture Company.

Edward A. Peterson as Kingsburg Department Store.

Ludwig Wilton and Alfred L. Peterson as Wilton & Peterson.

Hugh S. and William Clark as Clark Brothers.

J. E. Danielson as Kingsburg Implement Company.

Ralph Earl and Mrs. Louise Maxwell as The Reliable Pharmacy.

Since June 1st twenty-six such certificates have been filed in the county in compliance with sections of the civil code amended by the last legislature. The purpose of these certificates is to give the fictitiously named business partnerships standing in court. Under the old law such a partnership could not sue save through individual members. Under the new law the fictitiously named partnership and its members can only sue and have standing in court when they have filed the certificate, disclosing who compose the partnership. Kingsburg is the first community in the county in which compliance with the law has been made in block.

AUTO BLAMED FOR WOMAN'S ILLNESS. Mrs. June Creath of Tulare Is Taken to Hospital After 500-Mile Journey.

"Motoritis" is the name given by the emergency surgeons to a form of disease that has been confused with other ailments recently but which, so the doctor says, is due to the continual jarring of the body as caused by rough roads traversed by motor cars, says yesterday's Chronicle.

Mrs. June Creath, wife of a capitalist of Tulare, was taken to the Central Emergency Hospital Wednesday afternoon shortly after having completed a motor trip of about 500 miles. The case was primarily diagnosed as pneumonia poisoning by Dr. A. E. Cherry, but later he discovered that the illness was due to shock attendant upon the journey in the automobile. Mrs. Creath was treated at the hospital and was later taken to the home of friends by her husband.

U. P. SHORTENS HOURS. CHEYENNE, Wyo., Aug. 18.—The Union Pacific Railroad company issued orders today closing down the shops at this place all day every Saturday and making the other five days eight-hour, instead of nine-hour days. This gives the men forty hours' work a week.

IRRIGATING. The ditch runs full, the sky ablaze, A pure and perfect blue, The mountains sleep in purple haze, And I just lie around and laze, With not a thing to do But lift the gate; The waters run To thirsty earth Beneath the sun, I hear it gurgle slow, Money, money, Plenty money, Money where I go, Hay and honey, Money, money, Money in my flow.

No bonnet a willow tree, Up by the main headgate, The desert breeze feels good to me, And shining run the waters free Where fields and orchards wait. I lift the gate; The waters splash, Out to the field, The sluiceway flash, Hark to the gurgle slow, Money, money, Plenty money, Money where I go, Friends all sunny, Grapes all honey, Money in my flow, William Maxwell in the Pacific Monthly.

POLICE CHIEF MAY BE CHOSEN TONIGHT. Suspension of Patrolman Josephs Is Made Permanent By Commission.

The police commissioners will be specially convened again tonight at 5 o'clock to consider the filing of the vacancy in the office of chief of police taking place on the 1st prox. No indication has been given out who the appointee is likely to be, or that the chosen man has been agreed upon.

At the special meeting last night the action of Chief Shaw in suspending Patrolman Josephs was unanimously sustained and the suspension made permanent. Whether the accused will choose to demand the presentation of formal written charges and ask for a public trial with witnesses testifying under oath remains to be seen. Chief Shaw said he would not present any other charge than that on file which was a notice to the board of the suspension for conduct unbecoming a police officer.

Josephs appeared before the board and made partial admission of some of the specifications which were formally brought out under the charge of questioning on the gross charge in the suspension notice. He admitted that he had not treated his wife as he should have done, that he had paid attention to other women, accompanying them to dances.

There were admissions of other acts and questionable exhibits were introduced found in a pocket book discovered in his locker. Among these were photographs of Swedish girls attracted in Josephs' policeman's coat with star and hat, also one of a group of three with himself in the center.

Josephs had been given three friendly warnings by the chief. His attentions to women made in public places and elsewhere were shown to be so public, open and continuous that as Chief Shaw said, complaints had come to police headquarters of the neglect of duty by the patrolman.

Mayor Rowell brought out also the fact that Mrs. Josephs had made appeal to him, interfering for the accused as he had confessed to her, promised not to offend again in this manner and she would give him another trial. Josephs answers to the questions of the mayor raised a question of veracity, he declaring that he had forbidden her to interfere for him but admitting when pressed that he had promised her would not neglect her so completely as he had.

Incidentally it was brought out that for eighteen months he had accompanied her only three times to entertainments, though he had frequently gone to dances.

## POLICE CHIEF MAY BE CHOSEN TONIGHT

Suspension of Patrolman Josephs Is Made Permanent By Commission.

The police commissioners will be specially convened again tonight at 5 o'clock to consider the filing of the vacancy in the office of chief of police taking place on the 1st prox. No indication has been given out who the appointee is likely to be, or that the chosen man has been agreed upon.

Josephs answers to the questions of the mayor raised a question of veracity, he declaring that he had forbidden her to interfere for him but admitting when pressed that he had promised her would not neglect her so completely as he had.

Incidentally it was brought out that for eighteen months he had accompanied her only three times to entertainments, though he had frequently gone to dances.

PRESSMEN TO GIVE BANQUET TONIGHT. George L. Berry, international president of the pressmen's union, will be the guest of the local union at a banquet to be given at 8:30 o'clock tonight, at which Mr. Berry will address the members. The headquarters of the pressmen's union are at Rogers' hotel, where the pressmen's home is located.

President Berry will leave Fresno tonight for San Diego, where he will meet with the pressmen's union there.

F. O. E. GETTING READY. SAN FRANCISCO, Aug. 18.—Preparatory work for the grand affair of the Fraternal Order of Eagles, that meets here Monday, is occupying the time of the grand officers and committeemen who have arrived. A number of the more important committees are represented by "carry" full members, although the first special train bringing the delegates will not arrive until tomorrow.

RECEPTION GIVEN TO NEWLY WED PAIR. SELMA, Aug. 18.—The prominent society affair of the week in Selma was the reception last night given by Mrs. Mattie E. Hewitt in honor of the marriage of her daughter, Leona Belle, to Clinton L. Hallison. Mrs. Hallison's marriage came as quite a surprise to her many friends here as the first intimation that most of them had was the announcement of the wedding, and were pleased at the opportunity of meeting her and her husband at the pleasant affair last night.

The spacious parlors of the home had been tastefully arrayed in greenery and flowers, while the charmingly arranged corridors presented inviting nooks for many cozy groups. Many electric globes played among the trees of the lawn completed the setting for the enjoyable festivities of the evening. Pleasing musical numbers were rendered in the parlors throughout the evening, which concluded with the serving of refreshments at tables arranged on the lawn.

FIRE BURNS OVER 2000 ACRE AREA. PORTERVILLE, Aug. 18.—Fire set to burn stubble in Round Valley yesterday afternoon got beyond control at about after 3 o'clock and when the blaze was finally headed on Lewis creek it was well toward midnight and more than fifty of the ranchers of the Fresno Valley district had responded to the call for help. About 2000 acres of pasture was destroyed. Practically all of the feed destroyed was on the Kibbold place. At the current rate for pasture the fire cost the owners of the ranch about \$500. The fire warden has been asked to make an investigation. It is said the fire was set without purpose.

STRANGLES HER TWO CHILDREN AND THEN COMMITS SUICIDE. WHARTON, Ont., Aug. 18.—Mrs. Thomas Pettigrew of Lonsdale, near here, strangled her son and daughter, aged 12 and 10 years, sometime last night, and then hanged herself in the kitchen. The husband was away at the time. The bodies were discovered by neighbors. The woman had been in poor health for some time and is believed to have lost her mind.

SAYS 'STEEL KING' VICTIM OF FIXED ROULETTE WHEEL. NEW YORK, Aug. 18.—The story of an Atlantic City gambling game in which an unnamed "steel king" lost \$14,000 in one lump is told by Mrs. Anna Betts in connection with her suit against her husband, Louis L. Betts, for a separation and \$25,000 a year alimony. It is said that he was robbed by electrical devices which manipulated a roulette wheel.

GIRL'S ASSAULT SUICIDES. HAMILTON, Texas, Aug. 18.—Rather than permit himself to fall in the hands of pursuers, John Williams, a former who clubbed Mable Lemons, 17-year-old, into insensibility and also wounded her sister, aged 13, slashed his throat with a pocket knife yesterday afternoon. His body was found by the pursuers. The oldest girl's skull is fractured and she may die. The girls were attacked when they drove cattle to a watering trough on Williams' farm, which he rented from the Lemon family.

## "THE HAVOC" IS POWERFUL DRAMA OF THE MOST PLEASING TYPE

Scene from "The Havoc," in which Henry Miller opens the fall and winter season at the Barton next Tuesday evening.

J. Lawrence Toole, the dramatic critic of the San Francisco Examiner, discussing Henry Miller's triumph in H. G. Sheldon's remarkable play, "The Havoc," says:

"To be a theatrical rhapsodizer is to be ridiculous. Sometimes, though, it is hard to be otherwise. When confronted with the disbelievably clever Mr. Henry Miller, in a desperately invidious play like 'The Havoc,' it is especially difficult. Mr. Miller presented 'The Havoc' last night to a well-dined and well-dressed audience that filled the Columbia until it bulged. He gave the audience moments of breathlessness and suspense such as it has not experienced inside or outside the theater, in many theatrical seasons. To begin with, he gave it an exhibition of his own incomparable acting. The acting of Henry Miller ever was, is, and I haven't the least doubt ever will be, a sheer and unalloyed delight. And in nothing that he has been seen in in recent years is the art more compelling and delightful than in 'The Havoc.'"

Henry Miller will be seen in "The Havoc" at the Barton next Tuesday evening. Mr. Miller will have the support of the original New York cast in

the Sheldon drama. The identical players who appeared with him during the long run of the piece at the Bijou theater in New York will be seen here. Seat sale for Mr. Miller's local engagement is now open.

### ARREST THE HEAD OF "ARSON TRUST"

CHICAGO, Aug. 18.—Word was received by the Chicago police today of the arrest at Vancouver, B. C., of David Korschak, who was named as the head of an alleged "arson trust" in a confession made to Fire Attorney Sullivan and the police by Leopold Dreyfus, president of L. Dreyfus and company, wholesale clothiers, who afterwards committed suicide by shooting. Leopold Dreyfus and his brother, Lazard Dreyfus, were arrested following an incendiary fire, that partly destroyed the company's store, June 21.

They were questioned by the police for hours, when Leopold broke down and made a written confession in which he admitted that the fire was incendiary and accused Korschak of being at the head of the "arson trust."

### SCHOOL TAX RATE HIGH NEXT YEAR

Districts in the County Must Raise Money By Extra Tax Levies.

Superintendent Lindsay says that the general school tax in the county for the coming year will be as high as it was last year, and possibly a little higher, because the maximum allowance per child under the law will have to be provided for in view of the necessity for possibly seventy-five new teachers, according to the apportionment under the daily average attendance. Besides this, special rates will have to be levied in twenty-three grammar and high school districts to raise for maintenance sums above the state and county tax provided for revenues. Mr. Lindsay recommended yesterday to the supervisors special rates to raise the sums named in the following districts:

Oil King, \$1800; Empire, \$300; Parmer, \$500; Kingsburg joint, \$300; Lorenson, \$250; Sanger, \$2,000; Chardonnay, \$1,000; Highland, \$400; Lincoln, \$200; West Park, \$350; Hooding, \$400; Reedley joint, \$2,000; Frankwood, \$350; Manning, \$350; Fairview, \$400; Sanger high, \$7,000; Clovis high, \$5,500; Del Norte high, \$1,000; Reedley joint, \$2,000; Kingsburg high, \$1,000; Washington high, \$5,000; Coalinga high, \$2,000; McKinley, \$350.

### EASTERN MEN BELIEVE COAST IS BACKING UP

Attempts of Some Local Raisin Packers to Bear Said to Be Cause.

Eastern jobbers, believing they have coast operators on the run because of attempts made by two or three to bear the raisin market, are endeavoring to "throw the market down," according to advices received here yesterday.

It is understood that several packers have been trying to sell in the East under figures that are justified by condition and the Eastern men take this as an indication that they have the coast operators sliding. It is believed that some of the local operators have been caught short and that this accounts for their efforts to bear the market.

According to general advices received here the Eastern market is practically bare and the jobbers have not begun to buy at all to meet their requirements. The fact that they have not ordered, it is said, does not mean anything except that they are trying to find out whether the coast is really as firm as is given out.

### MANY AT FUNERAL OF MAINE VICTIM

RED OAK, Iowa, Aug. 18.—The funeral of Lieut. Darwin Merritt, whose body was recovered from the wreck of the battleship Maine in Havana harbor, was held here this afternoon. So great was the attendance that the auditorium was crowded. At 11 P. M. the Iowa Supreme court gave the funeral oration. Judge Walter I. Smith of the federal circuit court also spoke. Governor Carroll and staff and many prominent army and navy officers attended.

### FARMERS' UNION PAYS \$98 FOR 1910 PEACHES

Returns \$8 Per Ton More Than Those Received By Outsiders.

According to an announcement made yesterday by H. G. Johnson, sales agent for the California Farmers' Union, that organization has just settled with its members for 1910 peaches on a basis of \$98 a ton. It is claimed that this is \$8 more a ton than was received by growers on the outside. The average price received by growers on the outside in 1910 was paid to be 4½ cents a pound while Farmers' Union members received 9-10 cents a pound.

Payments were made in three installments. The first payment was made on the delivery of the goods. The second was made on a partial sale and the final payment was made when the peaches had all been sold. The California Farmers' Union has a large number of members with whom it does business, not only in the San Joaquin valley, but in the Santa Clara valley as well.

### THIRTY INJURED IN WRECK ON BIG FOUR

COLUMBUS, Aug. 18.—Thirty persons were injured, some seriously, today when Big Four train number 48, one of the fastest trains in the service, was derailed near the Ohio state hospital for the insane, just west of Columbus.

As the train rounded a curve at Grand View avenue crossing, the front trucks of a second day coach climbed a switch point and the car was derailed, the other coaches following into the ditch.

Among the injured was Mrs. H. L. Strickland, Owensville, Ind., and Mrs. Sarah Gardner, San Bernardino, Cal.; right shoulder broken.

### VETO BILL BECOMES THE LAW IN ENGLAND

LONDON, Aug. 18.—The veto bill limiting the powers of the upper chamber over legislation originating in the House of Commons became a law today, the King's assent thereto being given through a royal commission in the House of Lords.

When the royal assent was signified, the members of the lower house present broke out in loud cheering. A demonstration on their part had never been heard in the upper chamber.

### FAVORS ARBITRATION IN FRUIT DISPUTES

Griffin & Skelley Co. Indorses Suggestion Made in Republican Editorial.

Editor Republican.—We have read with considerable interest your editorial in a recent issue, entitled "Rejected Goods."

While we cannot agree with your conclusions in every instance, we are heartily in accord with your views as regards arbitration, and we believe a great majority of the packers would welcome some such method of settling disputes between buyer and seller.

The Dried Fruit Association of California has adopted rules of arbitration that have worked out successfully. This Board is appointed by the President, and the members serve in rotation. Neither the buyer nor the seller has anything to do with the selection of the arbitrators who pass on the case in which they are interested.

In addition to this, the Association has undertaken the inspection of shipments of California fruits moving by either Panama or Tehuantepec. In the event of these shipments being found below standard, the matter goes before the Board of Arbitrators immediately for adjustment. It is not strictly up to contract, a proper allowance is made to the buyer, or if there is any evidence of gross carelessness or bad faith, a new trailer must be made by the seller or damages awarded the buyer, or both. This has had a most excellent effect on the business, and has distinctly valued the character of the goods being shipped.

The differences between the packers and growers could be easily and quickly adjusted by a fair Board of Arbitrators, and we would be very glad to have an arbitration clause in our contract, provided a proper Board of Arbitration was formed to handle all such disputes. Where the buyer and seller, however, select arbitrators, and these arbitrators select a third, it virtually means leaving it to an umpire, which is not satisfactory.

An Arbitration Committee of fair-minded men, who have a knowledge of the business, can undoubtedly get the support of practically every packer of Dried Fruits in this state.

These arbitrations would naturally cost money, as you cannot get men to give their time without being properly paid for it. Proper fees for this work should be established, which should be paid by the loser.

In the Dried Fruit Association, stipulations are signed, and fees are deposited, before matters are taken up. Your idea is a good one. We trust you will continue to agitate it, and we assure you of our support.

Yours truly,

GRIFFIN & SKELLETT CO.

San Francisco, August 17, 1911.

### THIRTY PORTUGUESE OFFICERS POISONED

LISBON, Aug. 18.—Thirty army officers were poisoned at their mess dinner at Torres Novas last night, apparently from arsenic.

Good Shoes For Less

The Reliable Shoe Store

Good Shoes For Less

ONEEN & MITTENTHAL PROPS

1915 TULARE ST. FRESNO, CALIF.

## Quality Equal To The Best

### Prices Below The Lowest

Do not think that just because our prices are the lowest in Fresno that the shoes we sell are not good. We can sell at low prices because we buy at low prices. We are perfectly willing for you to compare the shoes we sell with shoes selling far above what we ask.

\$3.50 Men's Shoes and Oxfords

\$2.45

\$1.50 Misses' School Shoes 95c

Made of velv kid; blucher cut; solid leather throughout; size 8 1-2 to 2.

Mr. Mittenthal Explains Low Prices

Mr. Mittenthal has returned from his trip to the great shoe factories of the East, and he explains how it is that the Reliable Shoe Store will be able to sell all the very newest styles at the lowest prices ever known in Fresno. He says: "I made personal visits to all of the leading factories of the East—wherever I saw a bargain I picked it up. I took only the best and only that when the price suited. That is the reason we will be able to undersell all competition."

Child's Velvet Roman Sandals Worth \$1.50 on Sale at 95c

4-strap Roman pumps; made of high grade black velvet; sizes 5 to 8.

\$3.50 Women's Tan Calf Button Oxfords \$2.45

## TYPOS UPHOLDING ADMINISTRATION

Faction Opposing Lynch Is Beaten at Every Turn; Aid McNamara.

SAN FRANCISCO, Aug. 18.—The administration faction of the International Typographical Union won every contest with the wing opposing President Lynch in today's proceedings of the convention here. While none of the issues decided was of great importance, practically the same dividing lines remained on every vote and some hard fought battles are expected in the settlement of several important matters yet to come.

A resolution authorizing the executive council of the union to cooperate with the president of the Chicago police department in an attempt to organize a "unified" Chicago job office, was adopted. By another resolution the council was instructed to assume full charge of the controversy with the Curtis Publishing Company.

Almost the entire afternoon session was taken up in the hearing of appeals by members of various unions from decisions of the executive council. The executive council was sustained in every case.

**BOYCOTT CHINESE**  
The International Typographical Union in convention here passed a resolution today expressing its disapproval of the boycott of Chinese restaurants and other establishments. The resolution was introduced by Delegate G. M. Sheldon of Lowell, Massachusetts.

It was voted unanimously to cancel the \$5,000 note from the Typographical Union, held by the Typographical Union, and to return the note with the compliments of the Typographical Union.

A proposal by Delegate L. B. Maxwell of Tampa to take \$100,000 from the old age pension fund, which is now \$400,000, and use it for the erection of a permanent administrative building in Indianapolis, was referred to the National executive council, to be voted on at the next general election.

The request of the Seattle union for authorization to begin the publication of an eight page daily paper, to offset the attack which the Seattle delegates said was being made against the union in Seattle, was defeated.

A resolution was passed urging legislation requiring the maintenance of an average temperature of 70 degrees in all composing rooms. A telegram from Providence, R. I., asking for the repeal of the law was read.

**TO AID McNAMARA**  
A motion on a recommendation made by Samuel Gompers, in a letter to the executive council of the union, the convention voted an assessment of 25 cents on each member for the defense of the McNamara brothers at Los Angeles.

A PROPOSAL by delegate Knop of

Chicago to vote \$10,000 from the Union treasury was defeated.

The laws committee was sustained in reporting unfavorably on the proposal of Howard Keener of Los Angeles to invest \$5,000 of the Old Age Pension funds in five per cent bonds of the Los Angeles Labor Temple Association.

The report of the committee on the McNamara case was read and approved.

"We have nothing to do with the criminal end of the case," said the report, "and the law must be allowed to take its course. For the kidnapping of the McNamara we express the utmost indignation and horror. Every right of a citizen was outraged. We unreservedly condemn the action of the Indianapolis police department, the representatives of the Los Angeles police department, the representatives of the Los Angeles district attorney's office and the private detective agency concerned in the McNamara outrage."

The new national officers of the union were installed today. They are: Mrs. C. E. McKee of Indianapolis, president; Mrs. R. J. Lawther of St. Louis, first vice president.

## CHINESE STUDENTS ON WAY TO U. S. SCHOOLS

WASHINGTON, Aug. 18.—Sixty-two Chinese students are on their way to the United States to enter American colleges. They will arrive in San Francisco on September 3, on the steamer Persia, in charge of three officials of China. Of the total number, fifty-nine are to be educated under the Boxer indemnity returned to China by the United States. The remaining three are private students. This makes about 200 Chinese to receive an education from the Boxer fund and a total of nearly 900 to be trained in the United States.

## KERMIT ROOSEVELT NOT REALLY LOST

YUMA, Ariz., Aug. 18.—Influent forces for the safety of Kermit Roosevelt and his hunting party in Lower California, and Sonora, on account of Mexican political unrest, were alleged today when C. H. Utting, clerk of the district court, returned with word that the former President's son was in a good time-slaying mountain sheep by the United States. The proposed rescue parties would result only in annoying and embarrassing him.

Utting said young Roosevelt, with his Mexican packers and guides began hunting south of the boundary line last Saturday, and today were in the Pinar mountains, about sixty miles southeast. He is withstanding desert hardships well and on last Monday carried the hide and skeleton of a sheep three miles to camp on his back.

**O YOU FISHERMAN.**  
The Auto-Bus will leave 11:15 P. M. next Sunday morning at 5 a. m. to where black bass fishing is good, where we can guarantee every man to get the limit. Phone 40.

Maxwell & Mudge, 1 and Fresno.

## LOWER CALIFORNIAN REBEL BAND GATHERS

Regular Troops Active But No Fighting Across Line Reported.

CAMPO, Cal., Aug. 18.—Organization of a rebel band numbering about 100 men, under the leadership of Francisco Quijada, who was one of the rebel leaders at Mexicali in the late insurrection, is reported in Campo today. The force is said to be in the Pecos mountains, about half way between here and Mexicali. Recruits are said to have been sent to the band by the Mexican janits in Los Angeles and San Diego.

Increased activity on the part of the Mexican troops across the line from Tecate, Cal., and Campo was noted this morning but for what purpose could not be learned. The Mexican force at Tecate is strongly entrenched.

The 11th company, Coast Artillery, U. S. A., camped at Dulzura last night, will reach Potrero, twelve miles from here, tonight and probably will arrive in Campo about noon tomorrow. So far, no authentic reports of fighting have been received.

## 2 CASTAWAY SAILORS WED TAHITI NATIVES

SAN FRANCISCO, Aug. 18.—Lured by the charms of two dusky queens of Tahiti, Henry Smith and Martin Peterson of the crew of the bark Paritau, wrecked recently in mid-ocean, are married today and are housing the work on land and coconut plantations in that far off tale.

At least such was the story told by other members of the crew who arrived here yesterday on the royal mail steamship Aorangi from Papeete, First Mate H. H. Hatfield, who with other survivors came on the Aorangi, said that after sailing and roving 1,000 miles, he and his men arrived at Anna, 300 miles from Papeete. They were received with great hospitality by the natives, who had seen no white men for a long time. Today his and all other delicacies the island could provide were prepared for the castaways.

"When we reached Tahiti," said Hatfield, "this kind treatment was continued and the natives pressed us to stay there but only Peterson and Smith consented."

## U. S. NAVAL OFFICER RETIRES UNDER NEW SERVICE LAW

WASHINGTON, Aug. 18.—The retirement today of Lieut. Alexander F. Yates of Maine with the rank of lieutenant commander was the first application by the navy department of the new law extending to the navy and marine corps a retirement enjoyed by the army for years.

The act under which Lieut. Commander Yates retired, passed at the last session of Congress, provides that an officer, failing in an examination for promotion on account of disability, contracted in the line of duty, he shall be retired with the rank to which his seniority entitled him to be promoted.

## ANTI-FRATERNITY LAW IS UPHOLD BY COURT

San Francisco Judge Says Spirit Plain; Wording Is Clumsy.

SAN FRANCISCO, Aug. 18.—The city board of education received judicial sanction today in its effort to keep Greek letter fraternities out of the public schools, when Superior Judge Hunt refused to grant a writ of mandate to J. F. Manley, a student directed against F. M. Mountain, principal of the Lowell high school.

The state law provides that no member of the public schools can belong to a secret or oath-bound society. Manley, who brought this test case, entered a fraternity after graduating from a grammar school, and later applied for admission to the high school. He claimed that he was not a member of the public schools, when he joined the society, and denied that the high school, which he intended to enter, was a public school within the meaning of the law.

"While the law may be clumsily worded," said Judge Hunt, "its spirit is against secret societies." For this reason, he denied the writ, which would have compelled the principal to admit as a pupil, an avowed fraternity member.

## CUT OFF HIS WIFE'S EAR; GETS 14 YEARS

SANTA ANA, Cal., Aug. 18.—Antonio De Daniel, a Mexican, was sentenced today to serve fourteen years at San Quentin for having cut off his wife's ear with an ax. He confessed that he struck her head with the implement but merely clipped off her ear.

At the same session of court, Tiburcio Cabello, convicted of murder in the second degree, was sent to the same penitentiary for ten years.

Cabello killed Miguel Gonzales at Los Alamitos in a three cornered fight, April 23. He claimed that he acted in self defense.

## LAHM, ARMY AVIATOR IS ENGAGED TO MARRY

MANSFIELD, Ohio, Aug. 18.—The engagement of Lieut. Frank P. Lahm of the Seventh United States cavalry, widely known army aeronauts expert, and Miss Gertrude Jenner of one of the oldest families of this city is announced. The wedding will be a military affair at the Jenner home, October 19th.

The engagement is a romance of the tennis courts at the West Brook Country club where during the last month, the couple played daily, the lieutenant being home on a furlough.

Miss Jenner is a graduate of Oberlin and Vassar colleges.

During the last four months, Lieut. Lahm has been instructor in the cavalry school at Fort Riley, Kan.

## COOK IS HELD FOR CRIMINAL ASSAULT

SAN FRANCISCO, Aug. 18.—James Holland, the Los Angeles cook who was shot by Patrick Farrelly, when the latter visited him in the city jail, was held to answer in the police court today on the charge of having criminally assaulted Mrs. Flora Farrelly, wife of his assailant.

Farrelly learned that Holland was in Los Angeles and lured him here by means of a dummy letter from his family. After the arrest, the husband read an interview in a newspaper, in which Holland claimed he had been forced to sign a confession at the point of a revolver.

Farrelly, saying he wished to make good on the accusation, called at the jail and shot Holland, whose wound was not serious. Farrelly is awaiting trial for the attack on Holland.

**TRY TO BLOW UP COURTHOUSE**  
LEHIGH, Okla., Aug. 18.—The conspiracy in which residents of East and West Sulphur have been engaged over the location of the Murray County courthouse, reached its height today when a charge of dynamite slightly damaged the building, in which are the temporary office of the court house.

## CONFESSES ROBBERY TRAIN; TALE DOUBTED

DENVER, Aug. 18.—Frank M. Watson, arrested nearly three months ago by the Denver authorities, claiming to be one of the men who on January 1st, last, held up the Southern Pacific Limited at Breese, Utah, killing a porter and robbing the passengers' baggage, today admitted to reward his story as a fabrication.

Watson said the motive for his confession was the offered reward of \$25,000 for the capture of the robbers.

According to the police authorities, Watson says his accomplices were Joseph Collins of Omaha and H. M. Stoberts of Mullen, Neb.

It is also stated that Watson has confessed completely in the robbery of the Oregon Short Line Butter-Porkland special, three miles east of Ogden on the morning of June 27, 1930.

Watson was arrested here on the request of the authorities in Alliance, Neb., for alleged safe-breaking. It is said that he confessed to the robbery in the two train hold-ups, to escape being taken to Nebraska for trial.

Federal authorities and railroad detectives who have investigated Watson's confession express some doubt as to its accuracy.

## WOMAN WANTS BODY OF HUSBAND SHE KILLED

DENVER, Colo., Aug. 18.—In Mrs. Eleanor Valentine, who shot and killed her husband here last Tuesday and then shot and seriously wounded herself, the authorities declare they have a striking example of inconsistency.

From her cot in a local hospital, Mrs. Valentine is directing a fight to prevent her husband's brother, Frank Valentine of Omaha, Neb., from securing the body of the man she killed.

Frank Valentine arrived here yesterday to take charge of his brother's corpse. Mrs. Valentine already had given directions regarding the disposition of the body and the coroner declined to turn it over to the brother without Mrs. Valentine's consent, which she refused.

Valentine appealed to the district attorney's office which upheld him, but the coroner stood firm and in a grievous fight has begun, as an aftermath of Tuesday's tragedy.

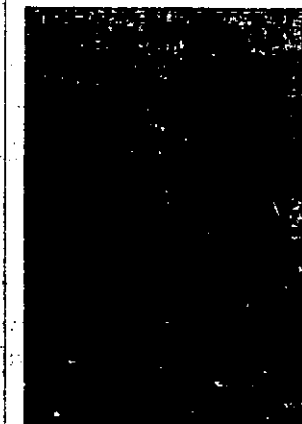

## THE HORSE SHOW AT THE STATE FAIR

The horse show at the State Fair this year will be an entirely new feature, and the best show animals of the capital, the Bay cities and Southern California will be put through their paces for the gratification

BEAUTY AND THE BEAST - CALIFORNIA STATE FAIR

of the equine fans. Captain W. J. McLean, of Pasadena, who organized the Southern California Horse Show association has written to signify his desire to participate. It will be no Miss Nancy affair, but a real genuine horse show, in a new amphitheater built for the purpose. The flower of

FOUR BEAUTIES - CALIFORNIA STATE FAIR

California's beauty and chivalry will be there and clothes and military glories, and the music of the band—the California State Band of forty pieces, it will be made a sound of revelry by night in California's capital. The Horseshow will be a nightly event.

# Big Alteration Sale

## Prices Cut to Shreds!

### Lowest Prices in Fresno.

These prices make people take notice. Were such prices ever before seen in Fresno? Not until we had to make these alterations have we sold goods at such prices. But we must have room. We are having the store remodeled. That is why we are making these prices. It is almost like giving things away, but it can't be helped.

## \$5 Sale on Men's Suits \$5

These are excellent suits. They can't be beat anywhere at twice the price. They are all going to be sold now no matter if there is a loss, because we must have this room. What we lose you will make. Two of these suits are worth more than a \$20 suit and only cost half as much.

## \$15 Suits on Sale \$7.85

This just goes to show what we are willing to do to sell these goods quickly so that we can have the room they occupy. You can get one of these swell-looking suits now that will give you wonderful service at a substantial saving.

## \$20 and \$25 Suits on Sale \$10.65

Here is a chance to get a suit that can't be told from a tailor-made and get it at a price that seems too good to be true. They are made to last, they fit perfectly, they will make you look as well dressed as though you had a tailor make your suit specially for you.

## S.S.S. CURES OLD SORES

Every person afflicted with an old sore realizes, sooner or later, that the ulcer exists because of bad blood; the character and condition of the place depending on the nature of the blood infection. Virulent impurities in the circulation produce angry, discharging ulcers, while milder, inert germs are usually manifested in the form of indolent sores or dry, scabby places. External treatment can never cure an internal trouble, therefore no one should depend upon salves, washes, lotions, etc., alone to cure a chronic sore. It is necessary to remove the cause before the place can heal. S.S.S. heals Old Sores by going down into the circulation and removing the impurities and germs which are responsible for the place. In addition to purifying the blood S.S.S. enriches this vital fluid so that the irritated flesh around an old sore is naturally and thoroughly stimulated, and a permanent cure results, because every morbid influence has been removed. S.S.S. is the best of all blood purifiers and therefore a natural remedy for old sores. Book on Sores and Ulcers, and medical advice free. S.S.S. is sold at drug stores. # O. A. Brindley Breaks World's Altitude Record

## AVIATOR OSCAR BRINDLEY SOARS 11,726 FEET, MAKING NEW RECORD

Frigid Atmosphere Above Clouds Prevents Daring Birdmen From Ascending Higher; Ward and Ovington Have Narrow Escapes.

Altitude—O. A. Brindley, 11,726 feet, setting new world's record.  
 1. Eighteen miles cross water.  
 2. Sopwith won, 15 minutes, 58.4 seconds.  
 3. Ely second, 17 minutes, 15.5 seconds.  
 4. Beachey third, 17 minutes, 5.4 seconds.  
 5. Monoplane, 17 miles over land.  
 6. Sopwith finished, 15 minutes, 58.4 seconds.  
 7. Ovington second, 15 minutes, 2 seconds.  
 8. Simon third, 17 minutes, 7.4 seconds.

Oscar A. Brindley soared higher from the ground today than any aviator has ever before, and set a new world's record at 11,726 feet. Philip O. Parmelee followed him in the air, passing the former American record and reaching 10,837 feet before he was forced to descend.

The barographs were corrected by Captain Charles Ovington of the Fifth U. S. Cavalry and certified by the executive committee of the International meet as correct.

International rules of aviation, as stated by G. F. C. Wood, secretary of the Aero Club of America, provide that an aviator must fly at least 100 meters or 328 feet higher than any previous record before he shall have been declared to have established a new record. Brindley was shown to have beaten Captain Felix, the holder of the former world's record, with several hundred feet to spare.

While Brindley, Howard Gill and Beachey were high among the clouds finding safety in their altitude flights, James Ward and Earle Ovington, flying at comparatively low levels, both had narrow escapes from death. The propeller of Ward's machine broke in a hundred pieces as he flew before the grandstand, pieces of wood penetrated and tore the canvas planes, but the aviator held tight and brought his machine wobbling to the ground. Ovington with his engine stopped, landed in five feet of water, from which he escaped with a ducking.

**KINGSBURG TO FACE DINUBA TEAM SUNDAY**

**Tulare County Ball Tossers to Try to Wipe Out Former Defeat.**

DINUBA, Aug. 18.—Considerable interest is being created here this week over the baseball outlook for the next few weeks. A game will be played here Sunday with the team from Kingsburg and the Dinuba team. On the fourth of July the Kingsburg team managed to win the game which was played with the locals on the Reedy field and captured the \$300 purse and since that time there has been no end of feeling between the two teams. The fans here are planning to give the boys from the river town a thorough drubbing. On Sunday August 27th, the Bear River team will take McKenney's, the hottest and the pick of the local players will be on the line to support these enter men.

Manager Van Noy is arranging for a third game of the series to be played here the third Sunday when the Conings, oil fiddlers will be here to try their luck with the Merchants' team. This promises to be a big event and many valley leaguers will be lined up for the contest.

**VISALIA BEAR CATS GET CATCHER CHIEF FOR REEDLEY GAME**

VISALIA, Aug. 18.—Captain Manager Heberling of the Visalia Bear Cats, the newest ball organization in the city, has made arrangements with the catcher of the now defunct Tulare Merchants, to hold the big mitt in Sunday's game against the Reedley All-Stars. McGuff is out of condition, hence the change. Chess was rated one of the best backstops in the valley league and his presence is expected to add much to the strength of the team as well as being a drawing card.

**MCKITTRICK SPORTS TO SEE 20 ROUND FIGHT**

MCKITTRICK, Aug. 18.—Frank McKenney of Maricopa and Frank Scott of Los Angeles will meet tomorrow in Eagles Hall in a twenty-round fight. Both men have been in training for the last three weeks and both promise themselves in the pink or condition. As a preliminary to the McKenney fight, Young Morris of this city and Young Texas of Fellows will play the four round go.

S. B. Carr Paint—Cures corns, only at Smith Bros.

The altitude events, though not scheduled, proved the most important of the day. A wind that blew at 20 miles 100 feet above the earth diminished higher up and Brindley, Beachey and Gill started for altitude. Beachey was first to descend, driven down by the cold. He came down in a half-raising spiral glide, shivering, hardly able to move his hands. His barograph showed 8500 feet.

Brindley was next to descend, after having passed out of the sight of strong field glasses. His barograph had swung around to a figure never before touched in America, possibly in the world, showing 11,000 feet. Gill came down soon after, with a mark of 10,837 feet. All declared they could have made better marks but for the cold.

Ovington's accident occurred near Seventy-third street in the shore water races. He had stopped his engine for the turn, eight miles south of the aviation field, was unable to start it and plunged into the water.

## SMITH AND DUNCAN LEAD CITY LEAGUE IN BATTING WITH .442

The batting averages of the Fresno City League for the second half of the season as compiled by Official Scorer Roy Garman shows C. Smith, the leading batsman of the league, with a percentage of .442. Ray Duncan of the Tigers is tied with Smith for the league leadership, but has officiated in only two games, while Smith has played in eighteen. R. Kuhn of the Clovis team and Cox are the nominal leaders, but the former has played in only four games, while the latter has played in only six.

today and won, 3 to 2. Oakland's runs were all made in the first inning. Cuthaw's score in the third when Wolverton hit to the fence not counting because Wolverton failed to touch first. In the opening frame, Hoffman singled but was caught off first. Wares singled and went to second when Peterson returned the ball to Hitt. Cuthaw singled, Haggan fanned and Zaehler was hit by Hitt filling bases. Wolverton's double scored all three. The commuters scattered eight hits throughout the remaining without scoring. Score: OAKLAND 3, LOS ANGELES 2.

# GEORGE F. CHURCH IS KILLED WHEN TRAIN HITS AUTO

## Victim Dies While Being Rushed to Fresno in Baggage Car.

### CHURCH WAS PIONEER

#### Automobile Went "Dead" on Espee Crossing at Tehama Avenue.

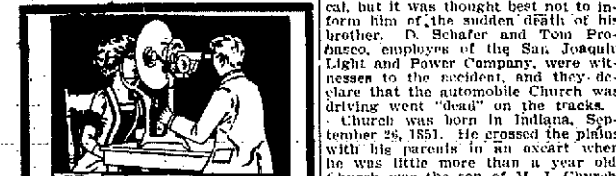

While attempting to cross the Southern Pacific tracks at the Tehama avenue crossing shortly before 10 o'clock, George F. Church, a pioneer rancher of this county and an uncle of District Attorney Denver S. Church, was struck by a passenger train and thrown fifty feet. He was placed in the baggage car of the train and rushed to Fresno, but he died before the train reached town.

The automobile was knocked about forty feet from the tracks and was completely demolished. An examination of the machine was made later and it was found that the brakes had failed. It is thought that Church attempted to make the slight incline leading up to the railroad tracks on the high speed and that the machine went "dead" just after reaching the top of the incline. Church had owned the automobile for about two or three months, and was fairly well acquainted with the mechanism. The automobile was a light two-passenger machine.

The train was in charge of Conductor Edward Arrell and Engineer R. W. Phillips of 1364 N street, city. Engineer Phillips stated that he saw the automobile when the train was about 100 feet from the crossing, and that it was his opinion that Church would have cleared the track had the automobile not gone "dead." Phillips also stated that he blew the whistle and made an attempt to stop his engine after he realized that Church was unable to get out of the way of the on-rushing train.

The Tehama crossing is located on the branch of the Southern Pacific main line which goes to Kernan-Church's residence, is located just a few rods from the crossing, and that it was his opinion that Church would have cleared the track had the automobile not gone "dead." Phillips also stated that he blew the whistle and made an attempt to stop his engine after he realized that Church was unable to get out of the way of the on-rushing train.

# HAYWOOD ROASTS LABOR OFFICERS TO LEAVE UNIONS, PREACHERS AND CAPITALISTS TODAY FOR ELECTION

## Major to Be Chosen Sunday to Succeed George Boles, Retired.

### Says Workingmen Should Not Rear Children; He Is "Daddy" to I. W. W.'s

#### Speaker Appears Corpulent and Prosperous After Foreign Trip.

Declaring that the American Federation of Labor is a political organization, in the control of ten unscrupulous leaders, and that it in no way represents the interests of the working men of the country, William D. Haywood, of the country, William D. Haywood, began a general attack upon labor, unions, government, railroads, churches and the family at a meeting at the Empire Theater last night. Builders, plumbers, teamsters and printers came in for shares of denunciation, only equaled in fierceness by his attacks upon the capitalists.

Half a house filled Haywood upon his appearance. He came lumbering upon the platform to be introduced by a woman, a Miss Louise Olive of Salt Lake. He was clad in black, wearing a well displayed heavy gold chain and watch chain as large as a silver dollar. Two pins were visible in his tie, and a button of some order was in the lapel of his coat.

As he stepped to the front of the rostrum, it was seen that the speaker, whose corpulence was in evidence both in body and in face. The distinguishing features of the face were the heavy brows which almost hid the eyes, and the characteristic mouth, unusually wide even for the face, and drooping far toward the chin at the corners.

"I feel as a father to the I. W. W.'s," was one of his first sentences. "I feel in a way that I am their Daddy," he said, turning round to two or three who sat on platform chairs with their blue badges conspicuous. Sniffling, evidently at his own idea of humor, he turned to launch a fierce philippic against the statement of the country. "We can do without statemen, lawyers," and turning with a sort of leer traveling around the corners of his mouth, toward a group largely composed of women, he continued in an insinuating tone, "even preachers." This sally was not received with general enthusiasm.

"The capitalists intended to hang me once and you Fresno people intervened," Haywood, applause from one corner of the house greeted the speaker, who went on "and they intend to hang the McNamara's. We bow to kings in this country, as well as in England, where they recently placed a \$200,000 gold crown on an empty pate."

"These farmers of the San Joaquin valley would tear a leg if the railway men in this country should get together and do as in France. There they earn their wages while the strike is in progress. But the freight that is consigned to Paris to feed the American millionaire, is sent by accident to Lyons instead and dumped in a large house. Oh, a large mistake. Conspicuous of perishable goods," he pursued with glee, "are started, but mysteriously fall into the hands of the workmen, who open the cans and keep the butter and eggs and fresh meats and fish from spoiling. Of course they consume the food. There was scant applause at this. The next thing from the rostrum came some thing of sensation. Scores of women, who had heard that Haywood favored woman suffrage, and who had come to hear his ideas which he did not emphasize were wholly unprepared for his latest propaganda.

"In France," he said, "the workmen do not wish to have their children born into the world to labor as they do, so they don't have any." Any color that was to be seen in any part of the audience did not seem to be noticed by the speaker who grew louder as he progressed.

"I stand here representing the solidarity of the labor of the world," he shouted, raising his arms heavily and looking so like the caricature of a pensive giant that an snicker passed through the hall. He advocated thorough organization along the lines adopted by the I. W. W.'s, and stated that the trades unions are not the friend of the laboring man. He said the I. W. W.'s organized as the French are, could tie up the railways so that the farmers here would pay fabulous prices for their produce. They would have to sell their blankets in order to buy lanterns when they went to work for the railroads.

Before the speaking, books on general striking and one called a "Death Blow to Religion" were sold. One of the men who came here from Bakerfield with Haywood expressed his disapproval of a few which could not fill a house for him.

## EIGHT O'CLOCK CLOSING IS NOW WANTED BY CLERKS' UNION

### Efforts for Closing at Six O'clock About to Be Abandoned.

## New Contracts Are Being Drawn Up to Replace Those Expired.

The unfavorable results that have accompanied the efforts of the clerks' union to get a six o'clock closing on Saturday night in the stores of this city, has led to a change in tactics and it was given out yesterday that the clerks will now try to have the stores close at 8 o'clock on Saturday night. If the consent of the stores can be secured, the 8 o'clock closing at 8 o'clock, it is believed that in another year, the clerks will be able to have them closed at 6 o'clock.

The agreements which the clerks have had with organized stores, expired in July and it is said that in the new agreement, asking for 8 o'clock closing for these stores.

The matter of 8 o'clock closing was gone over carefully at a meeting of the clerks and the special committee of the Labor Council and it was deemed advisable at this time to ask the stores to close at 8 o'clock instead of 6.

When the matter of 6 o'clock closing was first brought up by the clerks, it was decided to present petitions to all the stores because some of the members of the union had said to have felt that it was not fair to them to let the women have an eight hour day and make them work longer. A petition to all the stores was sent out and came back a failure. It was then decided to have 8 o'clock closing apply only to department stores.

The ending out of a second petition caused the hitch, because one or two of the department stores that had signed the original agreement refused to sign the other one on the grounds that the clerks didn't know what they wanted and they were being forced to sign so many petitions.

All efforts to get these department stores to agree to 8 o'clock closing now, have failed and it is for this reason that the clerks have resorted to the 8 o'clock closing as a compromise.

## YOUNG MAN IN JAIL ON SERIOUS CHARGE

### Mrs. Lewis, Mother of 16-Year-Old Girl, Charges Assault.

Jack Dudley is being held in the county jail on a charge of criminal assault. Miss Anna Hilborn, aged 16, Dudley was first arrested and charged with assault but this charge was changed to the more serious offense when the facts of the case were laid before Assistant Attorney McCormick late yesterday afternoon.

Dudley was employed at the Fresno Steam Laundry and Miss Hilborn was also employed there. Miss Hilborn came to Fresno about two weeks ago with her parents from Point Richmond. She is known under the name of Anna Lewis as a married girl. Dudley was her mother's married name.

It is claimed that Thursday night Miss Hilborn, Dudley and William Collier and Paulah Lewis, visited Goebel's beer garden on the south end of M street and returned to their home. It is claimed that Miss Hilborn became intoxicated and had to be helped away from the place.

As Miss Hilborn is only 16 years of age it is likely that the proprietor of the place may be prosecuted for selling liquor to minors. This evidence has been placed before the assistant district attorney.

The offense is alleged to have taken place after the two couples left the beer garden. As Miss Hilborn did not return to her home Thursday night her father started out on a hunt for her. Yesterday morning she was finally located and after telling her story to her parents the authorities were notified and Deputy Sheriff Bluffert was detailed on the case.

It was learned that Dudley was going to make an attempt to leave the city so Mrs. Lewis went down town and attempted to locate him. She saw Dudley go into a saloon and Mrs. Lewis immediately notified Police Detective Thompson. Following made an attempt to take Mrs. Lewis into the saloon with him so that she could point out Dudley, but the proprietor of the place objected to have a woman enter his place of business even in company with a minor. He finally showed the detective and the woman to pass through the door.

Miss Lewis, who was with Miss Hilborn earlier in the evening, informed the officers that she and Collier left Dudley and Miss Hilborn at his home. She presumed that she had gone home. The mother of the young girl swore to the complaint. Dudley will likely be arraigned before Justice of the Peace Smith this morning.

SACRAMENTO, Aug. 25.—Governor Johnson issued a requisition today upon the governor of Massachusetts for the return to Alameda of H. Robert Blair, who is under arrest at Boston and who is wanted for grand larceny. Blair is accused of swindling one Walter Linton out of \$700. He was arrested some time ago in Boston and released on his bail. A California officer went after him but he had jumped his bail. He was subsequently re-arrested and this time will be held in jail until the California officer arrives.

## BOYS HAVE OUTING AT ROEDING PARK

### Y. M. C. A. Lads Tell Stories Around Campfire and Are Served Wiener and Buns.

A roaring campfire was ready for about eighty of the Juniors and Intermediates of the Y. M. C. A. who marched out to Roeding's park last night to be present at an evening of story telling and other amusements. The boys gathered around the fire and heard talks by E. W. Langley and A. E. Bahr, who told some interesting autobiographical experiences.

Twice in the evening speeches the boys marched around a big little containing lanterns, which were jerked out to them waiting with buns in their hands. Individual story telling was sandwiched between the "songs."

## PETIT THIEF WORKS DURING SMALL FIRE

During the excitement which followed the fire in the Modern Fixture company at 1150 T street shortly before 2 o'clock yesterday morning, some one entered the photographer's office in the same building and stole between \$17 and \$20 out of the cash drawer. The robbery was reported to police headquarters yesterday morning.

The fire was in the basement of the Fixture company's shop and the damage was very small. The blaze was confined mostly to trash in the basement, although a hole was burned in the floor. The fireman had considerable difficulty in locating the blaze. A second alarm was turned in about 4 o'clock from the same box. The fire had started to burn again but was quickly extinguished.

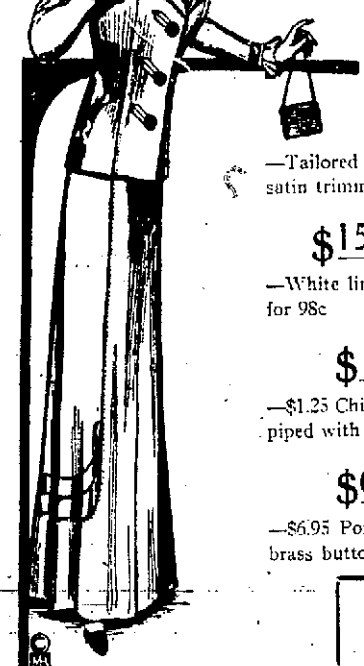

# Kutner's

The House That Saves You Money
